

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys...

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy...

REVIVO RESTORES VITALITY. Made a Well Man of Me. THE GREAT RENOVATING REMEDY.

THE SUNDAY SCHOOL.

Lessons in the International Series for October 4, 1903—David Brings Up the Ark.

THE LESSON TEXT. (2 Samuel, 6:1-12)

1. Again, David gathered together all the chosen men of Israel, thirty thousand.

2. And David arose, and went with all the people that were with him from Beale of Judah, to bring up from thence the ark of God...

3. And they set the ark of God upon a new cart, and brought it out of the house of Abinadab that was in Gibeah...

4. And they brought it out of the house of Abinadab which was in Gibeah, accompanying the ark of God; and Abio went before the ark.

5. And David and all the house of Israel played before the Lord on all manner of instruments made of fir wood, even on harps, and on psalteries, and on timbrels, and on cornets, and on cymbals.

6. And when they came to Nachon's threshing-floor, Uzzah put forth his hand to the ark of God, and took hold of it; for the oxen shook it.

7. And the anger of the Lord was kindled against David, and he smote him there for his error, and there he died by the ark of God.

8. And David was displeased, because the Lord had made a breach upon Uzzah, and he called the name of the place Percezzah to this day.

9. And David was afraid of the Lord that day, and said, How shall the ark of the Lord come into my house?

10. So David would not remove the ark of the Lord into him into the city of David; but David carried it aside into the house of Obed-edom the Gittite.

Another Illusion dispelled. After having been taught for decades that the prairie dog was an unmitigated nuisance, and after scientists and lawmakers have labored for years in seeking methods for the extermination of the alleged pests, it is like removing the foundations of things to be told now that these frisky and noisy little animals have a useful and important place in the scheme of creation...

The Prairie Dog vindicated. Unmitigated nuisance, and after scientists and lawmakers have labored for years in seeking methods for the extermination of the alleged pests...

Force of Habit. Editor—This is a very singular novel of your friend, Griggsby. He has simply lauded everything in the book from the characters to the breakfast food to the very skies.

The Modern Farm. "This abnormal specimen," says the professor of reptology, pointing to the glass jar containing the exhibit, "is what we call, for want of a better name, the two-headed garter-snake."

Fighters and Fighters. "In France," boasted the man with the shrugging shoulders, "we have the science of the combatting to a fine point got. We fight with the feet."

Why She Resigned. Lady—Why did you leave your last place? Cook—I couldn't stand the dreadful noise between the master and missus, mum.

The Place to Knock. "It will come out all right in time," he told his wife. "Fortune knocks at every man's door once, and some day she'll knock at mine."

Minor Details. "Father," said the little boy, "what is a mathematician?" "A mathematician, my son, is a man who can calculate the distance between the most remote stars and who is liable to be flim-flammed in changing a two-dollar bill."

Quite Unnecessary. "I suppose," said the visitor, "your constant prayer is that you may ever be poor and humble?" "Not exactly," replied the village parson. "I pray that I may ever remain humble, but my congregation attends to the other part of it."

The Deacon's Opinion. "Yes, sub," said the old colored brother, "dat boy is so fond er tradin' dat I vely believes dat ef he wuz in Heaven, en dey let him come back fer a holiday, he'd sell his return ticket en trust ter bein' blowed back by a harricane!"

Handicapped. "But, if the professor is so absent-minded that he can't remember his own name, why doesn't he write it on a slip of paper and carry it with him?" "He tried that, but he found that he couldn't read his own writing."

Value of Trifles. Little drops of water Make the mighty sea Little scraps of blame Bathing souls will be.

FARM AND GARDEN

WIRE FENCE BUILDING. Durability Depends Altogether Upon the Way in Which the Anchor Posts Are Set.

The amount of time annually consumed in the repair of wire fences combined with the loss in crops and in injured animals due to their being out of repair we are confident would foot up a pretty big total.

It will come out all right in time," he told his wife. "Fortune knocks at every man's door once, and some day she'll knock at mine."

Father, said the little boy, "what is a mathematician?" "A mathematician, my son, is a man who can calculate the distance between the most remote stars and who is liable to be flim-flammed in changing a two-dollar bill."

I suppose, said the visitor, "your constant prayer is that you may ever be poor and humble?" "Not exactly," replied the village parson. "I pray that I may ever remain humble, but my congregation attends to the other part of it."

Yes, sub, said the old colored brother, "dat boy is so fond er tradin' dat I vely believes dat ef he wuz in Heaven, en dey let him come back fer a holiday, he'd sell his return ticket en trust ter bein' blowed back by a harricane!"

But, if the professor is so absent-minded that he can't remember his own name, why doesn't he write it on a slip of paper and carry it with him?" "He tried that, but he found that he couldn't read his own writing."

Little drops of water Make the mighty sea Little scraps of blame Bathing souls will be.

THE LESSER EVIL. He—That young one with its crying will drive me crazy yet! Can't you get him quiet? She—I'll try singing to him!

When modern fiction writers Serve their thoughts up hot, We get erotic novels with The accent on the "rot."

You look warm. What's the matter? "I've just been arguing with that fool Jones about the best way to keep cool."

A CLEVER ILLUSTRATION WITH CONCLUSIVE PROOF.

There is an old formula in philosophy which says that no two things can occupy the same place at the same time. As a simple illustration, drive a nail into a board and you will find with every stroke of the hammer, the nail will force aside the particles of wood into which it is being driven...

DISEASES OF THE KIDNEYS AND BLADDER. Dr. David Kennedy's Favorite Remedy cannot occupy the same place at the same time. If you are troubled with frequent pains in the back; if your urine stains linen; if you urinate frequently during the night, and a burning pain accompanies its passage, your kidneys and bladder are in bad shape and should be treated at once.

Every dose of DR. DAVID KENNEDY'S FAVORITE REMEDY slowly but surely pushes aside some of the particles of the dread diseases of the kidneys and bladder, liver, blood, rheumatism, dyspepsia and constipation until they completely disappear.

Tiredout Walker—You seem so nervous, Willie. What's the matter? Willie Weariness—I've been insulted. That man back there said I was working for him. Mind you, he said "working."

Not One of His Fallings. Mabel—I understand that drinking is one of his fallings. Ethel—You have been misinformed. It is one of his most pronounced successes.

When the life of Mrs. Ruff was hanging in the balance she used Dr. Pierce's Favorite Prescription and was restored to health. Her experience made her the firm friend of the medicine that cured her.

Five years ago when my life was hanging in the balance, Dr. Pierce's Favorite Prescription was brought to my home by Mrs. Caroline Ruff, Director of German Orphan Asylum, residing at 39 Rowan Street, Detroit, Mich.

NOT "ROGERS" ONLY—BUT "1847" ROGERS BROS. is the Trade mark that appears on the old original brand of Knives, Forks and Spoons.
