**THE OLD RELIABLE**

For your benefit in regards to the late news of the county, subscribe and pay in advance for the Middleburg Post and you will never regret a dollar well invested.  
 The McClure scribe for the "Old Soldier" had in his items of last week his opinion of the bean soup, being of no benefit and also the consent of a few members of Capt. M. Smith's Post. This was an old soldiers' bean soup and not a soup or assistance needed from that part of the house. His few relatives that were in business claim it was a benefit to their trade. Also four dollars was paid to him for the use of the grove and still he claims no benefit. It is believed there was \$500 left in the town treasury - different business men of the place. The old soldiers say the bean soup must and shall be at the usual time. A bean soup was on the bill of fare at the time they were under the employ of good old Uncle Sam. Some are getting good pay, others not, for eating bean soup, while in the army, and we will still continue having bean soups as long as we can get a bean to make it.  
 The Old Soldier.
