We the maleurin and auditary of Therein	N 1			

We the undersinged auditors of Wyoming County, being met at the Commissioner's office in said county, do certify, that upon examination of the accounts of the Treasurer of said county, we do find them correct as set forth in the foregoing statement and that the expenditures of said county are correct as set forth in this statement. The finances of said County are in a much better condition, as well as the accounts of commissioners, than they were at last settlement. The expenditures of said County have necessarily been larger than last year, on account of the amount paid to the families of Volunteers, now in the service of the United States.

The account of the Treasurer shows that he has attended faithfully to the interests of the County. The indebtedness of said County, including Loan for the Relief of Volunteers, will not exceed Twenty-Three Hundred Dollars. Witness our Hands this 10th day of January, A. D. 1863.

Great Literary and Pictorial Year!

The publisher of Godey's Lady's Book, thankful to that public which has enabled him to publish a magazine for the last thirty-three years of a larger circulation than any in America, has made an arrange ment with the most popular anthoress in this country -Marion Harland, Authoress of "Alone," "Hidden Path," " Moss Sides," " Nemesis, " and Mirsam, who will furnish a story for every number of the Lady's Book for 1863. This alone will place the Lady's Book in a litertry point of view far ahead of any other magazine. Marion Harland writes for no other publication. Our other favorite writers will all continue to furnish articles throughout the year.

The best Lady's magazine in the World, and the cheapest-The Literature is of that kind that can be read aloud in the family circle, and the clergy in immense numbers are subscribers for the Book. The Music is all original, and would cost 25 cents (the price of the Book) in the music stores ; but most of it is copyrighted, and cannot be obtained except in "Godey,"

Our Steel Engravings. All efforts to rival us in this have ceased, and we now stand alone in this department, giving as we do, many more and infir better engravings than are published in any other work.

Godey's immnese double sheet fashion plates containing from five to seven full length Colored Fash ions on each plate-Other magazines give only two Far ahead of any Fashlous in Europe or America

Godey's is the only work in the world that gives
these immense plates, and they are such as to have excited the wonder of publishers and the public. The 1L. \$4985 63 publication of these plates cost \$10,000 More than fashion plates of the old style, and nothing but our wonderfully large circulation enables us to give them, Other magazine cannot afford it. We never spare money when the public can be benefited.

These fashions may be relied on. Dresses may be made after them, and the wearer will not subject be self to ridicule as would be the case if she visited for every one to come to the Picture Gallery and the large sities drassed after the style of secure one of those "faithful shadows" the large cities dressed after the style of 24 00 the rlates in some of our so called fashion magazines.
