We the undersinged auditors of Wyoming County, being met at the Commissioner's office in said county, do certify, that upon examination of the accounts of the Treasurer of said county, we find the same as set forth in the foregoing statement and that the expenditures of said county are correct as set forth in this statement. The finances of said County are in a much better condition, as well as the accounts of the commissioners than they were at last settlement. The expenditures of said County have necessarily been larger than last year, on account of the amount paid to the families of Volunteers, now in the service of the United States.

The account of the Treasurer shows that he has attended faithfully to the interests of the County. The indebtedness of said County, including Loan for the Relief of Volunteers will not exceed Twenty-Three Hundred Dollars. Witness our Hands this 10th day of January, A D. 1863.

GODEY'S LADY'S BOOK FOR 1863.

Great Literary and Pictorial Year!

The publisher of Godey's Lady's Book, thankful to the public which has enabled him to publish a magazine for the last thirty-three years of a larger circulation than any in America, has made an arrangement with the most popular authoress in this country —Marion Harland, Authoress of "Alone," "Hidden Path," "Moss Side," "Nemesis," and Miriam, who will furnish a story for every number of the Lady's Book for 1863. This alone will place the Lady's Book in a literary point of view far ahead of any other magazine. Marion Harland writes for no other publication. Our other favorite writers will all continue to furnish articles throughout the year.

The best Lady's magazine in the World, and the cheapest—The literature is of that kind that can be read aloud in the family circle, and the clergy in immense numbers are subscribers for the Book.

The Music is all original, and would cost 25 cents (the price of the Book) in the music stores; but most of it is copyrighted, and cannot be obtained except in "Godey."

Our Steel Engravings. All efforts to rival us in this have ceased, and we now stand alone in this department, giving as we do, many more and infinitely better engravings than are published in any other work.

Godey's immense double sheet fashion plates containing from five to seven full length Colored Fashions on each plate—Other magazines give only two Far ahead of any Fashions in Europe or America—Godey's is the only work in the world that gives these immense plates, and they are such as to have excited the wonder of publishers and the public. The publication of these plates cost $10,00 More than fashion plates of the old style, and nothing but our wonderfully large circulation enables us to give them, Other magazine cannot afford it. We never spare money when the public can be benefitted.

These fashions may be relied on. Dresses may be made after them, and the wearer will not subject herself to ridicule as would be the case if she visited the large cities dressed after the style of the plates in some of our so called fashion magazines.

Our wood Engravings, of which we give twice or three times as many as any other magazine, are often mistaken for steel.—They are so far superior to any others.

Imitation. Beware of them. Remember publication and the cheapest. If you take Godey, you want no other magazine.

Everything that is useful or ornamental in a house can be found in Godey.

Drawing lessons. No other magazine gives them and we have given enough to fill several large volumes.

Our receipts are such as can be found nowhere else. Cooking and all its variety—Confectionary—the Nursery—the Toilet—the Laundry—the Kitchen Receipts upon all subjects are to be found in the pages of the Lady's Book. We originally started this department, and have peculiar facilities for making it most perfect. This department alone is worth the price of the Book.

Ladies work table. This department comprising, engravings and description of every article that a lady wears.

Model Cottages. No other magazine has this department,

PICTURE GALLERY

AMBROTYPES, PHOTOGRAPHS, AIRIALENGRAVINGS, &C.

A NEW PICTURE GALLERY has just been opened in Tunkhannock, which is supplied with entire new material for the taking of Pictures in the Photographic Art. The undersigned has re-fitted and furnished the Sky-Light Gallery in Samuel Stark's Brick Block, and is now prepared to take Pictures in the latest and most improved style of the Art

GOOD ASSORTMENT OF CASES.

He has purchased a splendid assortment of Cases, among which are the *Union Band Clasp, Octagon Oval Gilt Frames, Gilt Trays, &c.*—very neat and desirable patterns—besides a variety of plain and fancy Cases, of every size and description.

The foregoing, he thinks, are inducements sufficient for every one to come to the Picture Gallery and secure one of those "*faithful shadows*"—

"Which light and art with magic spell,
By working together, can catch so well?"

If not, there are other considerations. How important that you secure a faithful likeness of your friends and relatives are it is too late. You have all experienced something of the satisfaction afforded in gazing on the Picture of an absent friend; and some of you have known the sad pleasure derived from possessing the likeness of some loved one who has been laid beneath the church yard mound, and felt that

"No price could take from you
A memento so cherished;
For, how sacred the shadow,
Since the substance has perished"

But you perchance have friends still with you whose pictures you have not yet secured. If so make it the business of to-day, to morrow may be too late. Then come to the Picture Gallery in Samuel Stark's Brick Block—third story—a few doors east of Wall's Hotel and secure one of those "*faithful shadows*"
