THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an en-feebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to

decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits. thabits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you.
With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following discusse: the following diseases: King's Evil or Glandular Swellings, Tumors, Erup-tions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tu-berculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these conditions The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AVER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsuparitla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is in-tended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

PROSPECTUS

TO BE PUBLISHED DAILY AND WEEKLY THE CITY OF PHILADELPHIA.

BY A. J. GLOSSBRENNER & Co. A. J. GLOSSBRENNER. FRANCIS J. GRUND. WILLIAM H. WELSh.

"THE AGE" will advocate the principles and policy of the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and

that of this Commonwealth.

It will freely and fairly discuss all legitimate subjects of newspaper comment, including of course, and pre-emine ntly at this time, all questions connected with the existing unhappy condition of our ountry.

It will fearlessly criticise the public acts of public servants, and defend the legal and constitutional rights of individual citizens and of sovereign states,

against assualts from any quarter.

It will seek to awaken the minds of the people to a proper sense of the a tual condition of the Repubic-to present to them, truthfully, the fearful perils in which we stand as a nation—to exhibit the magnitude of the task that is before them, if they would check our downward progress—and to inspire them with patriotic determination to apply THE REMEDY

for our national ills. In brief, it will, in all things, aim to le the faithful exponent of Democratic principles, and to recome itself worthy to be an organ of the Democratic party, under whose auspices our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—to power, in the legislative and executive governmen-tal branches of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restora tion will be our highest aim.

tion will be our highest aim.

The News, Literary, Gommercial, and other departments, will receive due attention, and will be so conducted as to make "The Age" worthy of the support of the general reader.

The many difficulties now surrounding an en-

terprise of the magnitude of that in which the under signed are engaged, require them to appeal to the public for a generous support, and to ask for "THE ACE" a liberal patronage and extended circulation. The foregoing, he thinks, are inducements safficient for every one to come to the Picture Gallery and secure one of those "faithful shadows"—

"" Which light and art, with magic spell, By working together, can catch so well!" If not, there are other considerations. How impor-tant that you secure a faithful likeness of your friends and relatives ere it is too late. You have all experi-enced something of the satisfaction afforded in gasing on the Picture of an absent friend; and some of you have known the sad pleasure derived from possessing the likeness of some loved one who has been laid beneath the church yard mound, and felt that

"No price could take from you A memento so cherished;
For, how sacred the shadow,
Since the substance has perished.'

But you perchance have friends still with you whose pictures you have not yet secured. If so make it the business of to-day, to-morrow may be too late. Then come to the Picture Gallery in Samuel Stark's Brick Block—third story—a few doors cast of Wall's Hotel, and secure one of those "faithful shadows"
