it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, " I will visit the iniqui-ties of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption ; in the glands, swellings which suppurate and become ulcerous sores ; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver com-plaints; on the skin, eruptive and cutaneous affections. These all having the same origin. require the same remedy, viz. purification and invigoration of the blood. Purify the blood, With feeble, foul, or corrupted blood, you can-not have health; with that "he of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does com-bine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases : King's Evil or Glandular Swellings, Tumors, Erup-tions, Pimples, Blotches and Sores, Erysipelas. Rose or St. Anthony's Fire. Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sec-tions of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitu-Hence it tends to shorten, and does tions. greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is com-posed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders.' Purge out the foul corruptions that rot and fester in tho blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital func-tions, and thus expens the distempers which
