contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices and above all by habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniqui-ties of the fathers upon their children." The

diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption ; in the glands, swellings which supparate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver com-plaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, With feeble, foul, or corrupted blood, you can-not have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

### Aver's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does com-bine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases : King's Evil or Glandular Swellings, Tumors, Erup-tions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be ned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human The vast importance of these consideralife. tions has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsnparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital func-tions, and thus expels the distempers which

lark within the system or burst out on any

part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be sent forth for the benefit os suffering humanity. If treats in simple language on all the diseases of Er-tor, including Second Weakness Nervous Debility, ed nor disappointed in this. Its virtues proven by abundant trial, and there In ligestion, Melancholy, Insantity, Wasting Dec remains no question of its surpassing excellence Impotency, &c., &c. -giving safe, speedy and effec-taal preser ptions for their permanent eure, together with much valuable information. All who favor me with a desire to read my work shall receive a samfor the cure of the afflicting diseases it is in-Although under the same tended to reach. name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ple copy by return mail, free of charge.
