PROSPECTUS OF "The Age,"

A NATIONAL DEMOCRATIC NEWSPAPER

TO BE PUBLISHED DAILY AND WEEKLY IN THE CITY OF PHILADELPHIA, BY A. J. GLOSSBRENNER & Co.,

A. J. GLOSSBRENNER FRANCIS J. GRUND. WILLIAM H. WELSH

THE AGE will support the principles and policy of the Democratic party, and will, therefore, unreservedly favor the restoration of the Union as it was, and before the Constitution of the United States, and that of the Commonwealth with

It will, however, not be a mere party organ, but will, of course, be conducted with the ability and discrimination which the existing condition of our country requires.

It will strenuously maintain the position that the Federal Government is a government of delegated powers, and that all powers not granted by the Constitution are reserved to the States and the people.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic—to present to them, truthfully, the legislation which has stood as a bulwark between the Constitution and the assaults of fanaticism, and to point out the dangers which threaten it, if they would check our downward career—and to inspire them with patriotic determination to apply the remedy for our national ills

In short, it will, in all things, aim to be the faithful exponent of Democratic principles, and to render itself worthy to be the organ of the Democratic party, under whose auspices our country prospered so long and so well. The restoration of that party—the party of the CONSTITUTION and the UNION to power, in the legislative and executive government of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our highest aim.

The News, Literary, Commercial, and other departments will receive due attention, and will be so conducted as to make "THE AGE" worthy of the support of the general reader.

The many difficulties now surrounding an enterprise of the magnitude of that in which the undersigned are engaged, require them to appeal to the public for a generous support, and to ask for "THE AGE" a liberal patronage and extended circulation.

The present state of the preparatory arrangements warrants the expectation, that the first number of the Daily will appear before the close of the coming month, (February, 1863.) The Weekly will be issued soon thereafter.

sept24—v2n7

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaint; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and all these dangerous distempers leave you. Perfect health, with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proved by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tubercular deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies and thus renders its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is compound of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its use you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
