

U.S. 5-20'S

The Secretary of the Treasury has not yet given notice of any intention to withdraw this paper from sale at par, and until he does so, it will continue to be sold at par, and the undersigned, as "General Subscription Agent," will continue to supply the public with the whole amount of the Loan authorized by the Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the TREASURY, mostly within the last seven months. The large demand for bonds, and the rapidly increasing home demand for bonds as the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period, absorb the balance. Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and it is well known that the Secretary of the Treasury has ample and unfailing resources in the Department of Internal Revenue and in the issue of the Interest Bearing Legal Tender Treasury notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent Loans. THE INTEREST AND PRINCIPAL OF WHICH ARE PAYABLE IN GOLD.

Precedence and sell interest must force the minds of those contemplating the formation of national Banking Associations, as well as the minds of all who have idle money in their hands, to the prompt conclusion that they should lose no time in subscribing to this most popular loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par.

IT IS A SIX PER CENT LOAN, the interest and Principal PAYABLE IN GOLD, thus yielding NINE PER CENT PREMIUM at the present rate of premium on coin.

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past, amounted to nearly a Quarter of a Million of dollars daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments on all liabilities.

The Loan is called 5-20 from the fact that while the Bonds may run for 20 years, yet the Government has a right to pay them off in Gold at par, at any time after five years.

The interest is paid half-yearly, viz: on first days of November and May. Subscribers can have 100 Bonds, which are payable to bearer, and are \$50, \$500, and \$1000; or Registered Bonds of same denominations, and in addition \$5,000 and \$10,000. For Bank purposes and for investments of Trust-money, the Registered Bonds are preferable.

These 5-20's cannot be taxed by States cities towns or counties, and the Government tax on them is only one-eighth of a cent, on the amount of the income, when the income of the holder exceeds Six Hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent. tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail or otherwise, promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay.

MALE AND FEMALE, WILL SEND IN HOOFLAND'S GERMAN BITTERS, A REMEDY

That will restore them to their usual health. Such has been the case in thousands of instances, and a fair trial is but required to prove the assertion.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

At length not disposed to favor or recommend Patent Medicines in general, though distrustful of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prostrated by them for nearly twenty years, and the impression that they were merely an alcohol mixture. I am indebted to my friend Robert S. Baker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and I had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them. PHILAD'A, June 23, 1861. J. NEWTON BROWN.

In the lists, published almost daily in the newspapers, on the arrival of the B. R. it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.

PARTICULAR NOTICE There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or rum, costing from 20 to 40 cents per gallon, to be used by Anise or Coriander Seed. This class of Bitters has caused and will continue to cause, as long as they are sold, hundreds to die the death of the drunkard. By their use this system is kept continually under the influence of Alcohol. For those who desire and will have a Liquid Bitter, we publish the following receipt.
