OF

TO BE PUBLISHED DAILY AND WEEKLY IN THE CITY OF PHILADELPHIA, BY A. J. GLOSSBRENNER & Co.

A. J. GLOSSBRENNER. FRANCIS J. GRUND. WILLIAM H. WELSh "THE AGE" will advocate the principles and peli cy of the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was and defend the Constitution of the United States, ar d

that of this Commonwealth. It will freely and fairly discuss all legitimate sub jects of newspaper comment, including of course, and pre-eminently at this time, all questions connected with the existing unhappy condition of our ountry. It will fearlessly criticise the public acts of public servants, and defend the legal and constitutional rights of individual citizens and of sovereign states,

against assnaits from any quarter.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republie—to present to them, truthfully, the fearful perils in which we stand as a nation—to exhibit the magni-tude of the task that is before them, if they would check our downward progress—and to inspire them with patriotic determination to apply THE REMEDY for our national ills.

In brief, it will, in all things, aim to le the faithful exponent of Democratic principles, and to render itself worthy to be an organ of the Democratic parthe law orthy to be an organ of the Democratic party, under whose anspices our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—to power, in the legislative and executive governmental branches of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restora tion will be our highest aim.

The News, Literary, Commercial, and other de-

partments, will receive due attention, and will be so conducted as to make "The Age" worthy of the support of the general reader. The many difficulties now surrounding an eu-erprise of the magnitude of that in which the under

igned are engaged, require them to appeal to the public for a generous support, and to ask for "The Age" a liberal patronage and extended circulation. The present state of the preparatory arrangements warrants the expectation, that the first number of the Daily vill appear before the close of the coming month, (February, 1863.) The Weekly will be issued soon thereafter.

THE WORLD'S GREAT REMEDY

been no medicine like it before in our community. Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when

been well for some months."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., N. Y.
DR. AYER: I seldom fall to remove Eruptions and Scroftclous Sores by the persevering use of your Sarsararilla, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsararilla you have supplied to the profession as well as to the people. Fron. J. E. Johnston, Esg., Wakeman, Ohjo.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the edebrated physicians I could reach, and took hundreds of dollais, worth of medicines—The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsararilla. Took two bottles, and some of your Fills. Together they have cured me. I am now as well and sound as anybody. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro. M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have need your Sarsararilla in my family, for general debility, and for purifying the blood, with very beneficial results, and fed confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum,

Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Fennsylvania.

Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied hitrate of silver and other temedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had given the first bottle, and was well when we had sinished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die. Scald Head, Sore Eyes.

From the well-known and widely-celebrated Dr.

"I have found your Saesaparilla an excellent alterative in diseases of femiles Many cases of irregularity. Lencorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have heen cured of a very debilitating Lencorrhera of long standing, by two bottles of your Sarsaparilla."
