SAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known hear of Gage, Murray & Co., manufacturers of enomelical papers in Nashna, N. H.

I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so had that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes. Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tinnchkannoch Dennocrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparalilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."
