en notice of any intention to withdraw this popular

Loan from Sale at Par, and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue; to supply the public The whole amount of the Loan authorized is Five omnibus dred Millions have been already subscribed for and paid into the TREASURY, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period, absorb the balance. Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenues' and in the issue of the Interest bearing Legal Tender Treasury notes, it is almost a certainty that he will not find it

> for any other long or permanent Loans, THE IN-TEREST AND PRINCIPAL OF WHICH ARE PAYABLE IN GOLD. Prudence and self interest must force the minds o those contemplating the formation of national Banking Associations, as well as the minds of all who have idle money in their hands, to the prompt conclusion that they should loose no time in subscribing to this most popular loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it

necessary, for a long time to come, to seek a market

was all sold and could no longer be subscribed for at par.
IT IS A SIX PER CENT LOAN, the interest and Principal PABYALE IN COIN, thus yielding NINE PER CENT. PREMIUM. at the present

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past, amounted to over a Quarter of a Million of dollars daily, a sum nearly three times greater than hat required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments upon all liabilities.

The Loan is called 5-20 from the fact that whilst the Funds may run for 20 years, yet the Government has a right to pay them off in Gold at par, at any time after five years. The Interest is paid half-yearly, viz: on

first days of November and May. Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$500, and \$1000; or Registered Bonds of same denominations, and in additon ,\$5,000 and \$10,000. For Banking purposes and for investments of Trust-moneys the Registered Bonds are prefferable.

These 5-20's cannot be taxed by States cities towns or counties, and the Government tax on them is only one-and-a-half per cent., on the amount of income, when the income of the holder exceeds Six Hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent. tax

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail or otherwise, promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort

SARSAPARILLA FOR GRRAT REMEDY

SCROFULA AND SCROFULOUS DISEASES.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SarsaparILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community." Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparaetta. My daughter, aged ten, had an afflicting humor in her ear, eyes, and hair for years, which we were unable to cure until we tried your Sarsaparaetta. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous cruption, which was very troublesome. Nothing afforded any relief until we tried your Sausaparilla, which soon completely cured her."

SAPARILLA, which soon completely cured her."
From Charles P. Gage, Esg., of the widely-incomplement of Gage, Murray § Co., manufacturers of enameled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparallla. It immediately made my face worse, as you told me it implets for a time; but in a few weeks the new skin legan to form under the blotches, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of. Ienjoy perfect health, and without a doubt owe it to your Sarsaparilla."

Erysipelas—General Dobility—Purify the

Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was stacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparatilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had five he first bottle, and was well when we had five he first bottle, and was well when we had five he first bottle, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Mr. Chas. S. Van Liew, of New Brunswck, N. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your Sarsafarllla an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhoma, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

Dr. Ayen: I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparilla, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollais worth of medicines. The ulcers were sebad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your Sarsaparilla in my family, for general debility, and for purifying the blood, with very beneficial results, and seel confidence in commending it to the afflicted."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. Ayen—My dear Sir: I have found your Sarsaparrilla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."
