The Secretary of the Treasury has not yet give en notice of any intention to withdraw this popular Loan from Sale at Par. and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue; to supply the public The whole amount of the Loan authorized is Five Hundred Millions of Dollars. Nearly Four Manth the BELVIDERE DELAWARE EATLROAD dred Millions have been already subscribed for and paid into the TREASURY, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for usesas the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period, absorb the balance. Sales have lately ranged from ten to fifteen

nillions weekly, frequently exceeding three millions daily, and it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenues' and in the issue of the Interest bearing Legal Tender Treasury notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent Loans, THE IN-TEREST AND PRINCIPAL OF WHICH ARE PAYABLE IN GOLD.

Prudence and self interest must force the minds of those contemplating the formation of national Banking Associations, as well as the min is of all who have idle money in their hands, to the prompt conclusion that they should loose no time in subscribing to this most popular loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the " Seven Thirty" Loan, when it was all sold and could no longer be subscribed for

at par.
IT IS A SIX PER CENT LOAN, the interest and Principal PABYALE IN COIN, thus yielding NINE PER CENT. PREMIUM at the present rate of premium on coir

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past, amounted to over a Quarter of a Million of dollars daily, a sum nearly three times greater than hat required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume

specie payments upon all liabilities. The Loan is called 5-20 from the fact that whilst the Funds may run for 20 years, yet the Government has a right to pay them off in Gold at par, at any

time after five years. The Interest is paid half-yearly, viz: on first days of November and May.
Subscribers can have Coupon Bonds, which are pay-

able to bearer, and are \$50, \$500, and \$1(00; or Registered Bonds of same denominations, and in additon ,\$5,000 and \$10,000. For Banking purposes and for investments of Trust-moneys the Registered Bonds are prefferable.

These 5-20's cannot be taxed by States cities, towns or counties, and the Government tax on them is only one-and-a-half per cent, on the amount of income, when the income of the holder exceeds Six Hundred dollars per annum; all other in vestments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent. tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail or otherwise, promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay.

My daughter, aged ten, had an afficting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your Sarsaparilla. She has been well for some months."

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your Sarsaparilla, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known from of Gage, Murray & Co., manufacturers of enomelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of, I enjoy perfect health, and without a doubt owe it to your Sarsaparilla."

Dr. Aver: I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparilla, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began, taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament, "I have used your Sarsaparilla in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing clse we had any hope from, we began giving your Sarsaparllla, and applying the iodide of potask lotion, as you direct. The sore began to heal when we had finished the second. "Dr. Ayer.—My dear Sir: I have found your Sarsaparilla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alternative is required."

Mr. Chas. S. Van Lieu, of New Brunsweck, N.
