The letter published by us to day from "Clint," though of an old date, will be read with interest by all. We have another of more recent date from the same writer, received too late for publication this week.

The rapid succession of events, the frequent change of plans and position in the army, the consequent interruption of army correspondence, may make these letters of little value in the mere matter of news, but, coming as they do, from "Clint," already well known to the readers of the Democrat as a ready, correct, and elegant writer; a keen observer of events, which his long military service has rendered him capable of forming correct opinions upon, make them of more than usual value to his friends,-our
