THE SINGER SEWING MACHINES.
Our **BETTER** FAMILY SEWING MACHINE is fast making a world-wide reputation. It is beyond doubt the best and cheapest and most beautiful of all Family Sewing Machines yet offered to the public. No other Family Sewing Machine has so many useful appliances for Hemming, Binding, Belt-making, Gathering, Gauging, Blinding, Embroidering, Cording, and so forth. No other Family Sewing Machine has so much capacity for a great variety of work. It will sew all kinds of cloth, and with all kinds of thread, and recent improvements make our Family Sewing Machine most reliable, and most durable, and most certain in operation at all rates of speed. It makes the interlocked stitch, which is the best-stitch known. Any one, even of the most ordinary capacity, can set it at a glance, how to use the letter A Family Sewing Machine. Our Family Sewing Machines are finished in elegant and exquisite style.
The Folding Case of the Family Machine is a piece of cunning workmanship of the most useful kind. It protects the machine when not in use, and when about to be operated may be opened as a spacious and substantial table to sustain the work. While some of the Cases, made out of the choicest woods, are finished in the simplest and cheapest manner, not possible without admiringly established in the most costly and superb manner.
It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity and beauty.
It has just been made so popular for family sewing as our manufacturing machines are for manufacturing purposes.
The Branch Offices are well supplied with silk, twist, thread, needles, oil, &c. of the very best quality. SEND FOR A PAMPHLET.

U. S. 10-40 Bonds.
These Bonds are issued under the Act of Congress of March 3rd 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN GOLD, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date and until their redemption FIVE PER CENT INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.
Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial use.
Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin (or in United States notes or the notes of National Banks, adding fifty per cent, from premium) or receive their drawing interest from the date of subscription and deposit—as these Bonds are
Exempt from Municipal or State Taxation, their value is increased from one to three per cent per annum, according to the rate of tax levies in various parts of the country.
At the present rate of premium on gold they pay Over Eight per Cent Interest in currency, and are of equal convenience as a permanent or temporary investment.
It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledge for payments, while for the debt of the United States the whole property of the country, is hidden to secure the payment of both principal and interest in coin.
These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.
It may be useful to state in this connection that the total funded debt of the United States on which interest is payable in gold, on the 31st day of March, 1864, was \$765,965,000. The interest on this debt for the coming fiscal year will be \$15,927,126, while the customs revenue in gold, for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over \$100,000,000 per annum. It will be seen that even the present gold revenue of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of imports, to \$150,000,000 per annum.
Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first few weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.
Subscriptions will be received by the
First National Bank of Philadelphia, Pa.
Second National Bank of Philadelphia, Pa.
The National Bank of Philadelphia, Pa.
and by ALL NATIONAL BANKS
which are depositaries of Public money, and all RESPECTABLE BANKS AND BANKERS
throughout the country, (acting as agents of the National Depository Banks) will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS.

AYER'S SARSAPARILLA
The peculiar taint or infection which we call Scrofula works in the constitution of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein the constituents of the system are so vitiated that the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by incurable disease, low living, disordered digestion from unhealthy food, impure air, rich and starchy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution; descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the root of him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcers; in the stomach and bowels, derangement of the digestive indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh," healthy, you cannot have scrofulous disease.
Ayer's Sarsaparilla
is compounded from the most effectual antiodotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Migrate reports of individual cures may be found in Ayer's Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made in all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every remedy may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients some of which exceed the best of Sarsaparilla in alternative power. By its use you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its purgative virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.
We know the public have been deceived by many compounds of Sarsaparilla, that promise much and do nothing; but they will neither be deceived nor disappointed in this. Its virtue has been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.
This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
Prepared by Dr. J. C. AYER & Co., Lowell, Mass.
Sold by all druggists everywhere.
S. Clark, Tunkhannock; J. E. Lyman, Lacawille; Harding & Co., Nicholson; E. & J. Frost, Factoryville, and by dealers in Medicines everywhere.
