U. S. 10-40 Bonds.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bond issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks, They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date and until their redemption FIVE PERCENT IN-TEREST WILL BE PAID IN COIN, on Bonds of net over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U.S. Treasurer, and can be transferred only on the owner's order,-Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin-(or in United States or the notes of National Banks, adding fifty per cent, from premium,) or receive them drawing interest from the date of subscription and deposet .as theses Bond are

Exempt from Mnnicipal or State Taxation, their value is increased from one to three per cent per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay Over Eight per Cent Interest in currency, and are of equal convenience as a per-

manent or temporary investment. It is believed that no securities offer so great inducements to lenders as the various descriptions of U.S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledget for payment, while for the debt of the United States the whols property of the country, is holden to secure the payment of both principal and interest in

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist They can be converted into money at any moment, and the holder will have the bene t of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was \$768, 965, 000. The interest on this debt for the coming fiscal year will be \$45,927, 126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1854, has been so far at the rate of over \$100,000,000 per annum

It will be seen that even the present gold reveaue of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of impartations, to \$150,000,000

Instructions to the National Banks acting as loan agents were not issued from the United State Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Philadelphia, Pa-Second National Bank of Philadelphia, Pa. The National Bank of Philadelphia, Pa. AND BY ALL NATIONAL BANKS

which are depositaries of Public money, and all RESPECTACLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depositary Banks) will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your 6A.

BAPARILLA, which soon completely cured her."

From Charles P. Gage, Esg., of the widely known 6 mo of Gage, Murray & Co., manufacturers of chameled papers in Nashua, N. H.

"I had for several years a very troublesome Asmor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you fold me ft might for a time; but in a few weeks the new akin began to form under the blotches, and continued until my face is as smooth as anybody's; and t am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsaparilla."

DR. AYER: I seldom fail to remove Eruptions and
Scrofulous Sores by the persevering use of your
SARSAPARILLA, and I have just now oured an attack of Malignant Erysipelas with it. No alterative we possess equals the SARSAPARILLA you have

Fron. J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on

bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparalla. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament. Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparallla, and applying the iodide of potast, totion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your SARBAPARILLA a more effectual remedy for the secondary symptoms of Syphilis, and for syphilite disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of
Lawrence. Mass., who is a prominent member of
the Legislature of Massachusetts.

"Dr. Ayer.—My dear Sir: I have found your
Sarsaparellla an excellent remedy for Syphilis,
both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to
other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswck, N. J., ful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswck, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."
