LOGAL AND PERSONAL.

The Lemon Farm, advertised for sale in our raper, is ore of the most desirable in the country. Those wishing to purchase should go and examine it Those wishing to purchase should go and examine it before the day of sale.

Sad Accident .- We learn that Schuyler Russell, of Mehoopany, one evening last week, fell from the stairs leading into Sterlings Hall, at Meshoppen, and received very dangerous, and it is feared, fatal injuries.

Sterling & Loomis, whose advertisement appear in our issue of to-day, are among the most extensive dealers in merchandise and produce of all kinds, in the country. By buying, as they do in large quantities, they are enabled to sell at a very slight adwance above cost, Our friends will find that the place for bargains.

Almost a Fire .- Our town was thrown into quite an excitement on Friday last by the cry of "Fire," which, it seems, had originated in some part of the old building opposite the Post-office It all necessary assistance by application to either of was however speedily quenched -- having just comcommenced to burn-and the residents of that vi-

cinity went home breathing freer. A strong North West wind was blowing at the time, and had not the fames been discovered almost at the beginning, the destruction of all that part of our town, from the Com nittee for Soldiers Orphans in Wyoming County Main Street to the Canal, must have been inevitable This old building, with its imperfect arrangements for securing stove-pipes is a great nuisance, and only fit for kin fling wood to destroy the town. Measures should be taken by our authorities to prevent such a calamity.

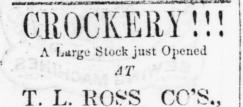

Sewing Machines. -- We are often surprised to find so few SEWING MACHINES in use, in our section of the country. In the large cities, every family has its Sewing Machinee, and they would not be without one for ten times its cost. It is certainly the most us ful and economical invention of the age. and we advise our readers to hesitate no longer, but see to gett ng one of these labor and life saving Machines. There are a great many kinds of Sewing Machines, and we have taken some pains to examine into their respective merits, and we have come to the conclusion that the WHEELER & WILSON, HIGHEST PREMIUM SEWING MACHINE, is decidedly

the best. These unequalled Machines are adapted to every variety of sewing for family wear, from the 1 ghtest to the heaviest cloths. They work equally well upon silk, linen, woolen, and cotton goods, with sil :. cotton, or linen thread. They wi'l seam, quilt, -ather, hem, fell, cor I, brail, bind, and perform every kind of sewing, making a beautiful and period stitch, alike on both sides of the article sewed. The ewing will never unravel or wash out.

The Wheeler & Wilson Sewing Machines are s simple that a child can work them with ense. Printed instructions are sent with every Machine so that any one can operate them without any tou bis or difficulty. Every Machine is warran eil, and the money returned if not entirely sutisfactory. Over Fifty Thousand of the celebrated Wheeler

& Wilson Sewing Machines are sold every year, and yet the demand is so great that they can harding be supplied as fast as ordered. Machines are carefully packed and sent in good order to any portion of the country .

We hope our readers will write at once to the Wheeler & Wilson Agency, No. 704 Chesnut Street. Philadelphia, and g t one of their Almanace for 1855, and specimens of work done by the Ma hine. all of which they will send by mail, free of charge. te any all'rest. We should be glad to see an Agen cy for the Wheeler & Wilson Sewing Machine established in our locality. We know them to be the best, most simple and cheapest machine in use.

At hedge not disposed to fovor or recommend Par ent Medicines in general, through distrust of thei ngradients and effects, I yet know of no sufficien why a man may not testify to the benefits he elieves hunsels to have received from any simple reparation, in the hope that he may thus cont. ituse to the benefit of others. I do this the more readily in regard to Hooff and's

German Eitters, prepared by Dr. C M Jackson, of this city, because I was prejudiced aga ust them for many years, under the impression, that they wer, -hieffy an aicodolic mixture. I am indebted to my friend Robert Sho maker, Esq., for the removal of friend Robert Sho.maker, Exc. for the removal of this prejudice by proper tests, and for encour segment to try them, when saffering from great and long con-tinued detility. The use of three bottles of these Bitters, at the beginning of the pr sent year, was followed by evident relief, and restoration to a de-gree of bodily an unental vigor which I had not felt to, six months before, and had almost desputed of regaining. Every case of that kind can be refuilly cured by Hoofland's German Bitters. We have no hesitation in stating that, if these Bitters were freely use i among our soldiers, hundreds of lives might be saved
