

JOSH BILLINGS ON WIF!

Yu ask me to describe wit ! I can't dew it well. It haint got any pedigree, it iz like the wind, it bloweth when and where it listeth. No man can be witty when he wants to, anny more than he ken be hangry when he wants to, it cometh to him as luv duz, he can't tell how nor whi.

Wit is wisdom at play. while humor is only good nature on a frolic.

Wit is like great strength, a dangerous one There is nothing that seems tew sute a wo-

man's harte so much as jewelry. God save the phools and don't let them run out, for if it wasn't for them wise men

couldu't git a liven. Some people's branes are lokated in their

heads.

We are told that there wasn't ennything made in vain, but I have thought that all the time spent in manufackturing . striped snaiss and muskceters was wasted.

If thare was nuthing but truth in this world,a phool wud stan just as good a chance as a wise man.

True politeness consists in bein very anxus about nothing.

Robbers come just like rain, they fall on the just and unjust.

If a man is as wize as a sarpent, he can afford to be harmles as a dove.

The best place to worship Hod-is out doors.

We are apt to hait them who wont take our advise, and dispise them who do.

It is dredtul esy tu be a phool-a man can can be one and not kno it.

Elegant lezzure-chawing plug terbacker,

and spitting in a dorg's eye. Real happiness don't consist so much in

what a man don't have az it duz in what he don't want.

Fear is the fust lesson larn't and the last one forgotten.

Nobody but a phool git bit twise by the same dorg.

A pet lam alwus makes a cross ram. Epitaffs are like circuss bills, there is more

in the bills than is ever performed.

OUR ARISTOCRACY .- A man says a codfish aristocrat is one of those men who can pin a dried herring to his coat tail and imagine himself to be a whale.

IT He that scoffs at the crooked had need go very upright himself.

A young man by the name of Roe, while conversing with a marriageable young lady, inquired of her what class of men was most preferable to her in case she wanted to connubalize. She hesitated a moment, and look ing him in the face, replied, "that of a he Roe," (hero).

All ba chelors are not entirely lost to refinement of sentiment, for the following toast was lately given by one of them at a public dinuer. "The ladios-sweet briars in the garden of hte."

Just rublished, a new edition of Dr. Culverwell's Celebrated Essay on the radic il cure (without medicine) of SPERMATORENGTA, or seminal Weakness, Involuntary Seminal Lesses, IMPOTENCY. Mental and Physical Incapacity, Impediments to Marriage, etc; also, CONSUMPTION, EPILEPSY, and FITS. induced by self-indulgence or sexual extravagance.

The colebrated author in this admirable essay clearly emonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain and effectual, by means of which every sulferer, no matter at his condition may be, may cure himself cheaply, privately, and radically.
