Ayer's Cathartic Pills

ARE the most perfect purgative which we are made to produce or which we think has ever yet been made by any body. Their effects have abundantly shown to the community how much they exceed the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their purgative properties stimulate vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distempers, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar coated, they are pleasant to take; and, being purely vegetable are free from any risk of harm. Cures have been made which surprise belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions of the use and virtues of our cures, of the following complaints: -

Cold, Cough, Bilious Complaints, Rheumatism, Dropsy, Headache, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with cheap preparations which they sell at more profit than Demand Ayer's and take no others. The sick want the best and there is for them, and they should have it.

Prepared by J. C. AYER & CO., Lowell Mass and sold by Saml. Stark Tunkhannock, and all dealers in medicines everywhere.

INCREASE OF RATS.

The Farmer's Gazette (English) asserts and proves by figures that one pair of rats will have a progeny and descendants not less than 651,050 in three years. Now, unless it is immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

no longer, if they use "COSTAR'S" Exterminator. We have used it to our satisfaction; and if a box cost \$5, we would have it. A FORTUNE! U. S 7-30 LOAN. THIRD SERIES. \$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the

7-30 LOAN

These notes are issued under date of July 15, 1865 and are payable three years from that date in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent. GOLD-BEARING BONDS

These Bonds are now worth a handsome premium and are exempt, as are all the Government Bonds, from State, County, and Municipal taxation, which adds from one to three per cent. per annum to their value, according to the rate levied upon other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

One cent per day on a \$50 note, Two cents " " " \$100 " Ten " " " " \$500 " 20 " " " " \$1000 " 50 " " " " \$5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The Notes of this Third Series are precisely similar in form and privileges to the Seven-hundred already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7 3/10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this third series of the Seven-hundred will commence on the first of June, and will be made promptly and continuously after that date.

The slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be available, would so reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

This is the ONLY LOAN IN MARKET now offered by the Government, and constitutes the GREAT POPULAR LOAN OF THE PEOPLE

Less than \$230,000,000 of the Loan authorized by Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within sixty days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the Loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE, SUBSCRIPTION AGENT, Philadelphia.

SUBSCRIPTIONS WILL BE RECEIVED BY THE WYOMING NATIONAL BANK at Tunkhannock; at the First and Second National Banks at Scranton, Wilkes-Barre, Towanda and Pittston.
