HEADLEY'S HISTORY OF THE GREAT REBELLION. The late Rebellion stands out peculiar and extraordinary in human events; and the *magnificent scale* upon which the war has been conducted, constitute it one of the GRANDEST AND MOST BRILLIANT CHAPTERS OF THE WORLD'S HISTORY.

Mr, Headley, of all writers, is perhaps best qualified to portray the stupendous features of the mighty contest. His previous works on less momentous themes have placed him in the first position, as a *graphic and powerful pelineator of war scenes and characters*, and the magnitude and grandeur of the present subject. impart to his pen the fire and vigor of a yet more exalted inspiration, and furnish ample scope for the *highest exhibition of his peculiar genius for military description.* Under his powerful pen the stirring scenes of the War pass in review with the vividness and distinctness of a present and living reality; while his *great talent for condensation* enables him to embody everything of importance in a *compass just suited to the public want.* From no other source can so *clear and comprehensive an impression of the grand march of events* be obtained so easily and agreeably, as from Mr. Headley's work.

Other Histories have been issued before Grant's Report and other Official Documents were submitted to the Government and are therefore unreliable Mr Headley has delayed the completion of this till those DOCUMENTS *so* ESSENTIAL *to* AUTHENTICITY *and* CORRECTNESS *could be obtained.*

The Second Volume, completing this Work, will be issued in March. 1866. Agents wanted to engage in its sale in every town and county in the United States Liberal inducements offered. For particulars apply to or address,

New Skirt for 1866

The Great Invention of the Age in

HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.

This invention consists of DUPLEX (or two) Elliptic Pure Refined Steel Springs, ingeniously Braided Tightly and Finely together edge to edge, making the Toughest, most Flexible Elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful Shape more than twice as long as any Single Spring Skirt that ever Has or Can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress.

A Lady having Enjoyed the Pleasure, Comfort and Great Convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others

The Hoops are covered with 2 ply double twisted thread and will wear twice as long as the Single yarn covering which is used on all Single Steel Hoop Skirts The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps. etc., etc., which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest most desirable, comfortable, economical Skirt ever, made.

Weeks, Bradley & Carey, Proprietors of the Invention, and Sole Manufacturers, 97 Chambers, and 79 & 81 Reade Streets, New York.

For Sale in all first-class Stores in this City, and throughout the United States and Canada, Havana de Cuba, Mexico, South America and the West Indies.

☞ Inquire for the Duplex Elliptic (or double) Spring Skirt.
