TUNKHANNOCK, PA

Wednesday, May 2, 1866.

FOR GOVERNOR,

HON. HEISTER CLYMER

THE DEMOCRATIC PLATFORM, The Democracy of Pennsylvania in Convention met, recognizing a crisis in the affairs of the Republic, and esteeming the immediate restoration of the Union paramount to all other issues, do re-

solve:

1. That the States, whereof the people were lately in rebellion, are entegral parts of the Union, and are entitled to representation in Congress by men duly elected who bear true faith to the Constitution and Laws, and in order to vindicate the maxim that

and Laws, and in order to vindicate the maxim that taxation without representation is tyranny, such representatives should be forthwith admitted.

2. That the faith of the Republic is pledged to the payment of the National debt, and Congress should ness all leave received. should pass all laws necessary for that purpose.

3. That we one obedience to the Constitution of the United States (including the amendment prohibiting slavery,) and under its provisions will accord to those emancipated all their rights of person and property.

4. That each State has the exclusive right to

regulate the qualifications of its own electors.

5. That the white race alone is entitled to the contro! of the Government of the Republic, and we are

unwilling to grant to negroes the right te vote.

6. That the bold enunciation of the principles of the Constitution and the policy of restoration contained in the recent annual message and freedmen's bureau veto message of President Johnson entitle

him to the confidence and support of all who respect the Constitution and love their country.

7. That the nation owes to the brave men of our armies and navy a debt of lasting gratitude for their beroic service, in defence of the Constitution and the Union; and that while we cherish with tender affection the memories of the fallen, we pledge to their widows and orphans the nation's care and protection.

8. That we urge upon Congress the duty of equalizing the bounties of our soldiers and sailors.

The Radicalists, the Disunionists, in Congress are fighting among themselves like so many kilkinney cats. "When rogues fall out, honest men may get their

The Negro above the Mechanic.

"But there is still another class for, whom "no one has yet spoken on this floor, who "have contributed to your success not less "than the soldier or the creditor, I was "ALMOST ABOUT TO SAY, NOT LESS THAN "OF THE COUNTRY .- (Senator Sumner in the U.S. Senate, April 18, 1866. See

The soldier, the creditor, and the white mechanic of America have in the estimation of Senator Sumner, borne equal burthens in the salvation of the nation. He "was almost about to say" that the freedprivations of the former surpass those of all others. This is the deliberate language of the Senator, in a studied attempt to flatter and praise the mechanic. It was called now call on him again to interpose his out during the discussion upon a bill for the relief of certain naval contractors, in which the theme chosen for his elaboration, was the value of the American mechanic in the recent civil struggle. He believes the Negro is equal to any white man, and here he expresses his conviction that his services are greater than those of the men who bore the brunt of the fight for the Union. The Negro above the mechanic, the Negro the equal of all white men, the Negro entitled to vote, to sit on juries, to travel with us, to eat with us, to enjoy every social and political right that we enjoy, are the Alpha and Omega of his daily thoughts, they are the prominent traits of the Negro-loving disunionists. --White men protect yourselves by your hallots.

CONSISTENT IN DISUNION -In Congress on the 3d day of March, 1862, Mr. Holman, of Indiana. (Democrat.) offered the following resolution:

Resolved. That in the judgment of this House, the unfortunate civil War into on their contingent success. The excitewhich the Government of the United States has been forced by the treasonable recipients and their friends, was very great. destroy the Union, should not be prosecuted for any other purpose than the restoration of the authority of the Constitution: and that the welfare of the whole people of the United States is permanently involved in maintaining the present form of while a brigadier-general receives only out modification or change."

The disunionists defeated this resolution by a vote of 60 to 49. Every Democrat voted for the resolution. Thaddeus Stevens and Mr. Speaker Grow, by this bold act avowed their deliberate intention as early as 1862, to carry out their radical and revolutionary programme of disunion Did not President Johnson speak trutt ful. ly when he said they were disunionists?

It may be of interest to those who are in the habit of circulating subscription papers to learn that the Internal Revenue Commissioner has decided that a five cent stamp must be affixed to every name atis accompanied by the immediate payment men in their places, ex-Governor Johnson merely as a memorandam.

Fruits of the Civil Rights Bill.

On Monday of last week the negroes of Norfolk, Va., had a celebration over the to carry arms. The Consequence was, as same daring and revolutionary purpose.

And this terrible outrage was committed and not a disunion Republican paper North has a word to say in condemnation of the affair. Had the victims been negroes every blatant negro organ would wrongs inflicted on the poor freedmen .--The truth is there is a certain party North section. The feelings of such wretches have been expressed on the stump here might be tinged with the blood of its pcople, and their bodies piled mountain high." This incarnate spirit of hell is rife to-day. It only wants some plausible opportunity to be presented to all it to have full sway, Despairing of driving the Southern people secretly incite the negroes of that section to commit acts similar to what we have recorded above. But these negro equalities had better forbear. There is always a sympathy of race among the white masses, and although it may, among a portion of that race, be buried beneath the passion of intolerance and bigotry, the majority will

nificant language: The first fruits of this Civil Rights Murder bill are bitter. All history is a cheat -the maxim that, like causes acting under like conditions, produce like results, is a wretched lie, or this Greek gift comes among us freighted with armed men to provoke insurrection and incite the horrors of insurrectionary warfare. Our duty is plain. We must control

our natural impulses of indignation and revenge. We must guard against the injustice of including our negro population proper in the responsibility attaching to the events of Monday. We must guard against indiscriminate bitterness, and remember that the great mass of our free population were not included in the procession, or, as far as we can learn, ap proves of the display. We advise this moderation, not only here, but elsewhere; THE FREEDMEN, I MEAN THE MECHANICS and the melancholly example of Norfolk may serve to put the civil and military authorities of other towns on their guard, so that this murder-producing epidemic of processions may be checked in time to prevent a further effusion of innocent blood and the fierce retribution which will ulti mately follow unless we have some guarantee given us that the lives of our women and children are not to be sacrificed to the man was equal with each, but he fails to brutal passions of a drunken and infuriated enunciate the sentiment, and we fairly in- mob. Where is this guaranty to come fer that in his opinion the sacrifices and from? Guizet's definition of the word can Maj. Gen. N. A. Miles, Commanding Fornot apply to us as we now stand; cannot some organized power be put in our hands? The man who stands at the head of affairs has foreseen this state of things, and we anthority to quell the rising waves of what may become a red deluge. This may sound extravagant to those who are comfortably seated in their homes in New York and Boston; but we understand it.

We conclude this article with the very significant fact that the bill of mortality foots up-what a horrid phrase-as fol lows: two white men, and one white woman killed, and one white man, and one white boy, past all hopes of recovery, done to death in the broad daylight, by men in United States uniform, in sight of the United States forces, and no one to gratify the audibly expressed anxiety of the troops, to move to the rescue.

Land Prize Money,

Every now and then our gallant soldiers are made to do very repulsive work, and are exhibited in very humiliating attitudes. This is brought to our mind by the following, cut from the New York Tribune. The Conspiracy Awards .- The conspi-

ers had obtained loans at ruinous interest Federal Government to be engaged in. ment of the claim-agency gang, and of the gang" and the soldier, is certainly not picturesque. Still less is the actual enumeration of the rewards and the statement of the services. A major gets \$1,200 for catch-Payne. Brigadier Baker has \$3,750 for seizing Harold when he came out from the Boston Corbett, the model Puritan soldier gets \$2,600 for shooting Booth in the back through a chink in the wall. Colonel Pritchard gets \$10,000 for capturing Mr. Davis, the amount being perhaps a little inflated by his services in the petticoat story and taking the crinoline from Mrs. Davis's trunk; and Colonel Harnden, of Wisconsin, gets nothing, because he and Pritch-

these revelations are not romantic .- Age.

A New Dodge.

For several weeks past the disunion members of the Rump Congress have conpassage of the Civil Rights Bill, on which occasion the commander of the post and the Mayor of the city allowed the negroes hit upon a new dodge, to accomplish the

A bill has been read in Congress to a general assault on unoffending citizens, hold the per centage and salary of any offi-when two white men and one white wo- cer appointed by the President (whether during the adjournment or not) until his white man and a boy wounded beyond re appointment is conformed by the Senate.

This is simply and defiantly a scheme to stop the wheels of government, unless the President ignores his policy of restoration, and appoints radicals-his bitter enemies -to all the offices in his gift. Never was there so vile and tyrannical a plot devised have been convulsed with rage over the to perpetuate power in the hands of any ery. The flat has gone forth. He too body of men.

While the Senate is in session it rejects who desire to see the negroes of the South every appointee who is suspected of sym- his place! The machine rests not, while rise up and massacre the whites of that pathy with the President. Since the Radicals have become fearful of the power and wrath of an outraged populace, if they at- trict, aye, even our own County! Here by a ferocious member of that faction, when tempt to sit the year through for party he hoped that the rivers of the South and selfish ends, they have proposed to pass this act to defeat and prevent appointments being made by the President by prohibiting the payment of any monies to the appointees.

If this law passes, or Congress attempts to held over, the President must do one of into a position that would allow these two things, -he must allow enemies to refiends to glut ther appetite for blood they main in his Cabinet, and in all the important officer, at home and abroad, and be held responsible in history and to his coun try for their administration; or, he must arrest the leaders of this disunion Congress and send them to the old Capitol Prison and the rest to be sent to their homes.

If it is a crime to attack the government with arms and seek to destroy it by sesoon show, when a collision of races occur, cession, it is equally criminal to attack it that they will stand by the Caucasian by despotic and unconstitutional legisla-blood. We say again to these negrophologists, beware. The war of races once be- the government by withholding supplies, gun you need not expect to escape the and driving from office men appointed to conduct its affairs, under the provision of

Negro Suffrage.

The Iowa Legislature, which is made p of two-thirds Republicans has passed joint resolution amending their State Constitution, by extending the right of suffrage to negroes. In Michigan, where the Republican disunionists have entire control, at the recent local elections, the negroes were permitted to vote for the first time. The Miners' Journal, of Pottsville, a radical disunion sheet, publishes the above with warm words of approval. The Geary party are evidently preparing the people to bring about the same result in this State. So confident have they become, and so sanguine are they of ultimately bringing the principle of negro suffrage to bear in Pennsylvania, that they are distributing any amount of documents advocating the measure. Forney in his Press of this week speaks in the most laudatory terms, of the action of Philadelphia negroes who have subscribed upwards of \$2, 000 to aid in distributing radical disunion documents throughout the Commonwealth, These conservative Republicans who are opposed to negro suffrage should make a note of this.

OFFICIAL.

That he take the oath of allegiance to the United Stat s and give his parole of honor to conduct himself as a loyal citizen of the same, and to report himself in person at any time and place, to answer any charges that may hereafter be preferred

against him by the United States. Please report the receipt and execution of this order.

By order of the President, E. D. TOWNSEND. A. A. G.

The Freedmen's Bureau in Washington is justly overhauled for releasing, on Friday last, forty-eight negroes, confined in jail at Washington, awaiting trial for larceny. The United States District Atorney entered a nol. pros in each of the cases, upon the condition that the prisoners would go South, which was accepted, and these colored thieves and vagabonds were sent off to Louisiana, under charge racy awards reported to the Honse to-day of the Freedman's Bureau. The only exexcite very lively comment. Many of the cuse is, that they agreed to go to work at parties in interest had sold their claims to \$15 a month for males of full age. The Test Oath is to stand just as it is. So the Radicals decree. The radical party are getting burning barn, unarmed; and Sergeant to be every day more and more of a disunion party.

It has been a common practice with Disunion organs to give the very lowest number to the negroes who are supported at the expense of the taxpayers .-Believe them and there is now scarcely a negro supported by the Government. The Macon Telegraph, however, shows that, in ard quarreled about the spoils. Really, Georgia alone there are more than 43,000 negroes fed at Government expense, and that the number thus fed throughout the South exceeds 434,000.

> Mrs. Lucy Gore, one of the survivors of the Wyoming massacre, died in Sheshequin, on the 34th ult. There are now but two living witnesses of that event-Mrs. and Mrs. Deborah Sutton, of Scranton.

The Guillotine at Work.

The President seems to be getting in earnest. He has set the political guillotine to work. See how methodically it moves! In Pittsburg an understrapper, occupying the position of Revenue Collec-tor, is seen to raise his head and exhibit his fangs, and at once the machine is moved forward to perform its allotted work! See the glittering blade descend! The official head is severed and rolls into the basket. A kick and a gasp, and all is over! The machine moves on! The Postmaster of the same place is growing treacherous. He too must be beheaded! No stopping. Off goes his official head! But the work does not rest here! The Postmaster at Harrisburg, has been exhibiting his treachmust die! The knife descends! The work is done, and a gallant soldier takes line." See, it approaches our own Disthe "loyal" editor of the Columbia Republican, who held the position of Internal Revenue Assessor, attempted to ride two horses, but his untenable position as the breach grew wider, become too apparent. He chose the "radical" nag, and in a twinkling he too is made to bite the dust! Now by St. Paul, the work goes bravely Lead forth the victims !-- Berwick

SUICIDE OF Ex-Gov. BIGLER'S SON .-The Williamsport Gazette of last week. says, we regret to be compelled to chronicle so melancholy a circumstance as the death by suicide, of A. Reed Bigler, son of Ex. Governor Bigler. He came to Lock Haven some two or three weeks ago, n bad health, and was stopping there, with Mr, Watson, a relative of his, and was under the care of Dr. Canfield. In the forenoon of April 2d, a son and daughter of Mr. Watson were with him in his room. when he requested the young lady to retire. He then stated to the young gentleman that he wished to have some clothes washed, and gave several garments to be sent to the washer-woman, and asked to have a pocket book brought from the adjoining room, as if to procure from it the money to pay for the washing. No sooner had the young man left the room than he heard the report of a pistol and on return ing found young Bigler lying on the floor, with a revolver by his side. He had evidently placed the pistol to his mouth, and discharged its contents down his throat. He lived one or two hours.

Detective Baker has made a very voluminous report of bounty jumping frauds under the calls for troops. He traces the jumpers from the time of being sworn in till their reaching the field. He shows that of the 500,000 men called out and sworn in by the Government, only 150,000 reached the field as soldiers, although thousands of others received their bounties.

We see by the Washington news that a delegation of NIGGER WENCHES appeared in the Senate Chamber after the passage of the Negro Civil Rights Bill and presented each disunionists who voted for the bill a beautiful boquet. What next!

On the 20th inst., forty-eight negroes who had been confined in juil at Washington D. C., awaiting trial for larceny, were released and sent to Louisiana under charge of an offcer of the Freedmen's Bureau. Evidently the negroworshippers begin to think that Sambo's room is better than his company.
