a concentrated extract of Para Sarsaparille so combined with other substances of sti

service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following Complaints: + 1 1 MOO TOOL AHT
SCHOFULA AND SCHOFULOUS COMPLAINTS,
ERUPTIONS AND EMPITIVE DISEASES, ULCURA, AT Pimples, Blotches, Tunors, Salt Rheum, Scald Head, Strhillis and Syphilitic Ar-pections, Mercurial Disease, Dropsy, Nau-RAIGIN OR TIC DOULDGREES, DEBILITY, DYSPERSIA AND INDIGESTION, ENTSIPEERS, ROSE OR ST. ANTHONY'S PIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timeblood at that season of the year. By the timely expulsion of them many rankling disorders
are nipped in the bud. Multitudes can, by
the aid of this remedy, spare themselves from
the endurance of foul eruptions and ulcerous
sores, through which the system will strive to
rid itself of corruptions, if not assisted to do
this through the natural channels of the body
by an alterative medicine. Cleanse out the by an alterative medicine. Cleanse out the vittated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cicansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

life is disordered or overthrown. Sursaparilla has, and tleserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Host of these have been transls upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with any estion and cheat. Still we call this compound Sarsaparilla, and intend we call this compound Sarsaparilla, and intend ! to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system the appendication of the system the appendication from the system that the system is the appendication from the system that the system is the system of the

As it has long absent in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
