"THE SUCCESS OF THE CROSBY OPERA HOUSE ART Association. - The past week has been a fruitful one Association.—The past week has been a fruitful one for this widely-spread enterprise. Our exchanges from every quarter are filled with notices of its success. Its advertisements, which are on a scale surpassing in general extent anything which has been attempted by even American enterprise before, occupy pages of the New York press. A correspondent writing of its success in New York, says: "The office reminds me of a railroad ticket office a few minutes before the departure of the train." utes before the departure of the train."

The feeling of personal interest in Mr. Crosby seems to pervade the whole country. Every little town or village has its one or more clubs, and we understand that the rapid sale of certificates throughout the country is in a measure to be attributed to the cordial support of the National Banks, the P esidents and Cashiers of which are its most numerous Another large club has been organized here upon

the plan of that of the express and telegraph men:

It is to be composed exclusively of railroad and
steamboat men. They have secured 1,000 certifi-

The pork packers have also a club of 590 nearly filled. The Young Men's Association are forming a large club. The Chamber o' Commerce club is tall. Several Board of Trade clubs, holding a large num-ber of certificates, have been filled, and other's are ber of certificates, have been in et., and others are in progress. Activity in this line seems to increase with each week. These movements are rapidly taking up the certificates all over the country, and hastening the happy consummation of a scheme which has in it more interest, novely and spirit, than anything which has engaged public attention within our recollection.

As many of our readers may not be aware of the

unusual induce ments offered by this Association, we give the following synopsis:
