CAMPAIGN
OF THE
ARMY OF THE POTOMAC.
By WILLIAM SWINTON.
THE STANDARD HISTORY OF THE GRAND ARMY.
The greatest Work on the War.

Universally endorsed by army officers and the press, THE AUTHOR SAYS:—
"I design in this volume to record what that Army did and suffered in its campaigns and two score battles.
I shall have to celebrate the unswerving loyalty of this army, that oftentimes when the loss of military cohesion failed, held it, unshaken of fortune, to a duty self-imposed.
I shall have to follow it through a checkered experience, in a tale couched of great misfortunes, great follies and great glories; but from first to last it will appear that amid many buffets of fortune, through "winter and rough weather," the Army of the Potomac never gave up, but made a good fight, and finally reached the goal.
Of this drama there will be no other than the Army of the Potomac itself; for it would seem that in this war of the People it was decreed there should arise no imperial presence to beco the central figure and cynosure of men's eyes. Napoleon, in an outburst of haughty eloquence, exclaims that in the great armies of history the Commander was everything. This proud apotheosis has no application for the Army of the Potomac. And one must think—seeing it never had a great, and generally had mediocre commanders—it is a fact that it might be said, that wherver it won it owed not to genius, but bought with its blood."
This is the only History of the "Grand Army," and no one who has borne a part in its conflicts, or is interested in its grand achievements, should be without it.
This work presents a rare chance to make money. Agents wanted. Send for Circulars and see our terms.
