WORKS OF NATURE,-In a state of health the intestinal canal may be compared to a river is the only MACH NE in the world that makes the whose waters flow over the adjoining land, through the channels nature or art has made, and improve any other machine now in use. their qualities ; so long as it runs on smoothly the channels are kept pure and healthy ; if the course of the river is storped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid in the intestinal lubes, and costiveness takes place, it flows hask into the blood vessels and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and those of its tributury streams .--With the body, follow the same natural principl --remove the obsiructions from the bowels with BRANDRETH'S PILLS, which never injure, but are always effectual for the perfect cleansing of the system from from foulness or disease. Remember never suffer a drop of blood to be taken from you .-Evacuate the humors as often and as long as they are deranged, or as long as you are sick.

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES,

TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleans. ed and an appetite ereated for good wholesome food, which, by these medicines will be divested properly, and good healthy blood made ; thus building up the constitution. SCHENCK'S MANDRAKE PILLS clean is the stomashe of all bilious or mucous acct mulations; and, by using the Sea Weed Tonic in adapted to all the modern styles of fire-arms, conconnection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutricious as well as medicinal, and, by using the three remedies. all impurities are expelled from the system, and good, wholesome blood made, which will repel al disease. If patients will take these medicines according to directions. Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhosa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Palmonic Syrup to act on the respiratory organs groperly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as poesible, eat all the richest food-fat meat, game Bildeford, M-ine. and, in fact, anything the appetite craves ; but be perticular and masticate well. v6n12-Indw-es-mo-ly
