Dr. SCHENCK'S PULMONICH SYRUP This great medicine cured Dr. J. H. Schenck, the Proprietor, of Pulmonary Consumption, when it had assumed its most tormidable aspect, and when speedy death appeared to be inevitable. His physicians pronounc d his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two brundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes profess onal visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor conusmptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each so that any one can take them without seeing Dr. SCHENCK, but when it is convenient it is best to see him. He gives advice free but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when pur hasing, that the two likenesses of the Doctor-one when in the last stage of Consumptio , and the other as he now is, 'in perfect health-are on the Government stamp.

Seld by all Druggists and Dealers. Price \$150 per bottle, or \$7 50 the half dozen. Letters for advice should always be directed to Dr Schenck's Principal Office, No. 15 North 6th Street, Philadel-

The watch is what all mechanism should be-ACCURATE, SIMPLE, STRONG AND ECONOMICAL, Except some high grades. to costly for general use, foreign watches are chiefly made by women and boys Such watches are composed of several hundre pieces, serewed and rivited together; and require constant repairs to keep them in any kind of order. All persons who have carried "ancres" "lepines" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beg,nning of our enterprise more than ten years ago, it was our first object to make a theroughly good low priced watch for the million, to take he place of the seforeign impositions; the refuse of foreign factories, which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this, may be medicine, the VENETHAN LINIMENT, to the public. public trial, we now make MORE THAN HALF with a few druggists and storekeepers through a TED STATES, and that no others have ever given ed by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We nave cereted an addition to our main building ex pressly for this branch of our business, and have filled it with the best work men in service. New machines and appliances have been constructed which perform their work with consummated delicaey and exactness The choicest and most approved materials only are used, and we challenge comparison between this grade of our work and the finest imported chronometors. We do not pretend to sell our watches for less money than fereign watches, but we do assert without fear of centradictiou that for the same money our product is incomparably superior.
