"MEXICO UNDER MAXIMILIAN." BY HENRY M. FLINT, ESQ., Author of "Druid's Letters," "Life of Senator Douglas," &c.

12mo. Green English Cloth, \$2.00.

In presenting this work to the Public, the Publisher is induced by a desire to furnish a cheap and convenient vehicle for the transmission of light and instruction to the masses upon a subject concerning which there is both doubt and misapprehension in the minds of all classes of our countrymen. This has arisen as much, perhaps, from the heretofore imperfect sources of intelligence concerning that unhappy country, as from the influence of our domestic politics upon the questions growing out of the consideration of its History. The Revolution through which our own Country has just passed, has not been without its influence, though indirectly, upon the fortunes of the Mexican States, and while we contemplate the wonderful changes wrought in the United States by five years of a strife, we are naturally led to inquire the results achieved by the revolutions of our Southern Sister, since the Republic and now the Empire of Mexico, Our Author has answered this inquiry in a manner both satisfactory and conclusive, in the Volume we have just issued from the Press, and we commend it to the citizens of the United States as an invaluable contribution to contemporary History. Mr. Flint tearfully denounces among other things, that the Maximilian Government in Mexico is firmly established; that the people have abandoned Juarz, (whose troops we sent to conquer now of but a few lands of guerrilla) and joined Maximilian; and that the popular judgment in this Country against the establishment of an Empire in Mexico are wrong, because in asserting the Monroe Doctrine we are running counter to the wishes of the Mexican people, and taking from them their exclusive right to settle their own affairs in their own way and to their own satisfaction. Facts and documents are presented to show that the Empire is maintained now without the aid of France and solely by the Mexican people - the merchant class, and better sort of people generally. Book gives a good insight into the policy which our own Government has pursued in Mexican affairs as well as many facts and statistics of interest and value.

If the Mexican people have chosen a constitutional monarchy as a cure for the anarchy which for so many years convulsed the Republic, and if their choice turns out wisely, then who among us dare say to them: Put away peace, law, prosperity, and the Empire, and take back faction, war, lawlessness, ruin and the Republic.

SCHECK'S SEA VEED TONIC. This medicine, invented by Dr. J. H. Schenk, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenk's Mandrake Pills, the Tonic soon restores the appetite and food it could not be eaten before using; it will easily digest.

Consumption cannot be cured by Schenk's Pulmonic Syrup, unless the stomach and liver is made healthy and the appetite restored; hence the Tonic and its use required in nearly every case of consumption. A half dozen or two bottles of the SEA-VEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. Schenk makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place or pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price \$150 per bottle, or \$750 half dozen. All letters for advice should be addressed to Dr. Schenk's Principal Office, No. 15 North 6th Street, Philadelphia, Pa. A HUMBBUG.
HOW OFTEN WE HEAR THIS EXPRESSION from persons reading advertisements of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the VENETIAN LIMEKENT, to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of the country, many taking it with great reluctance; but I told them to let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I now my medicine was no humbug. In about two months I began to receive orders for more liniment, some calling it an valuable liniment, who had refused to sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhoea, Dysentery, Colic, Vomiting, Spasms, and Sea-sickness, as an internal remedy. It is perfectly innocent to take internally, see oath accompanying each bottle, and externally for Chron. Rheumatism, Headache, Mumps, Furred Feet, Bruises, Sprains, Old Sores, Swellings, Sore Throat, &c., &c. Sold by all the Druggists. Depot, 66 Cortlandt Street, New York. v6n29-ly.
