Rail Road .-- We understand that the grading of the railroad between Waverly and Towarda is nearly completed. The Iron track will be down the entire distance-we are informed-in two months .--Boats loaded with the rails are now detained below the Horserace dam, on the North Branch canal, until some repairs can be made, --- Athens Republican.

The Band on Saturday evening last; after having made the Court House-square harmonious or hideous-(which ?) with its music was treated to an ice-cream collation, in the open air, under the cooling shade of the maples, in front of Dr Rhoads' residence. This neat little arrangement and delicious treat, was gotten up, we believe, under the auspices of the Ladies Aid Society.

The Writing School under charge of J. L. Multer, was opened at the school house on Monday last. Quite a large number of our young folks are availing themselves of the services of Mr. Multer, whose specimens of penmanship show him to be master of the art. Those who have not - yet joined the class can do so, on Monday next, and receive the banefit of a full term : as the school will be continned for three weeks from the commencement.

The Poor Man's Library .-- Its range of topics and fullness of treatment on matters in regard to which we have never thought of consulting a dictionary before, and yet have not known where else to go, have made the new illustrated edition of Webster a library for the poor man, and an indispensable piece of f miture for the table of the scholar-George Woods, L. L. D., President Western Universety, Pa.

To Preserve your Health--cleanse your blood when it becomes vitiated and foul. Many are the symptems which sound the note of alarm. Fail not to heed them. Indigestion, Nausea, Lassitude, Headache, Wandering Pains, Billious and Eruptive Affections, are so many signals to tell you of disease in the blood. Remove it, and they disappear .---How ? Take AYER'S COMPOUND EXTRACT OF SARSA-PARILLA. It is effectual for its purpose; purifies the blood, expels disease and restores the deranged func. tions of the body to their healthy action .-- [Corydon (Ind ) Argus.

Some of our Cotemporaries seem to think that the triumph of their cause depended, like the fate of Jericho, upon the a mount of noise made --- in these days of refinement and luxury, an article of real intrinsic merit is soon appreciated; hence the unbounded and unparalleled success of PLANTA-TION BITTERS.

This remedy has ever and always been found reliable. As a gentle stimulent and tonic appetizer it cannot be excelled. It is no doubt a sovereign nemedy for stomachic disorders --- for Dyspepsia, Liver Complaint, and in stimulating a healthy appetite, Magnolia Water .-- A delightful toilet article --superior to Cologne and at half the price.

Wistar's Wild Cheray Balsam, -- This Balsamatic compound has become a home fixture. Let all who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmoanary complaints, make use of this unequaled remedy. It can be relied upon, as the mass of testimony that has been published since its introduction is ample proof of its efficacy.

The New "Portable Organs," for sale at Powell's Music Store. Scranton, are made by Mason & Hamlin, and in all of the most essential points are of the same material and workmanship as their celebrated "Cabinet Organs," but in order to furnish a good instrument at a lower price, the cases are made small and of cheaper material. Go and see them.

Tannery Burned .-- The Steam Tannery of B M. Stone, in this borough, was entirely destroyed by fire, on Friday morning, of last week. When first discovered, at about 5 o'clock, the fire had made such progress as to render it impossible to stay it, or even to save any of the contents of the building. All that could be done by Mr. Stone and the citizens -large numbers of whom were seen on the groundwas to save the bark piled in the vicinity of the burning building. In this both men and women engaged with commendable alacrity, Mr. Stone's loss is estimated at \$5,000, a part of which is covered by insurance. The origin of the fire is not known . but it is supposed to have originated from the engine in the building.

The Youth's History of the late civil war written by E. G. Horton, of the N. Y. Day Book is now being sold by canvassers in this County. Its author, as all must know, is a plain, vigorous and pointed writer, who has waged an unceasing war against negro equality and abolitionism in all its varied forms and disguises.

We have not examined this book and therefore cannot give any opinion as to its contents; but from the stink it has stirred up among the woolies here, and elsewhere, we have no doubt that they would prefer Helper's book, which was so highly recommended by upwards of seventy leading abolitionists. That book which contributed so much to produce the war, of which this one, purports to give the history

Dr. Kane, the eminent scholar and fearless explorer of unknown seas, gained fame and a premature grave, in gratifying his mania for ice-water in the same region. It would be safer and more sensible for Ladies and Gentlemen, who are looking after a cool, cozy place, now-a-days, to sail into Crane & Lull's Ladies Saloon -- up stairs --and order some of those rich, delicious ice-sreams,

CONSUMPTION CURABLE BY DR SCHENCK'S MEDICINES, TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleans ed and an appetite created for good wholesome food which, by these medicines will be digested properly and good healthy blood made : thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomache of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in

connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutricious as well as medicinal, and, by using the three reme dies, all impurities are expelled from the system, and good, wholesome blood made, which will grepel al disease. If patients will take these medicines according to directions. Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. WISTAR'S BALSAM OF WILD CHER-RY.

This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and longstanding cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Congh, Croup, Asthma, Inflammation of the Lungs; while even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIMONY.

From Andrew Archer, Esq., of Fairfield, Me, "About eight years since my son, Henry A. Archer, now Postmaster at Fairfield, Somerset Co., Me., was attacked with spitting of blood, cough, weakness of Lungs, and general debility, so much so that our family physician declared him to have a "SEATED CONSUMPTION." He was under medical treatment for a number of months but received no benefit from it. At length, from the solicitation of himself and others I was induced to purch e one bottle of WIS-TAR'S BALSAM OF WILD CHERKY, which benefitted him so much I obtained annother bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be-THE GREAT LUNG REMEDY FOR THE TIMES! Scald Head, Sore Eyes.

From Harrey Sickler, Esq., the able editor of the Tunkhamock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hunds, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparkilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

are generally produced by internal Scrofulous Ulceration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." A lady, unwilling to allow the publication of her

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this Ext. SARSAPARILLA.
