

call SCROFULA lurks in the constitutions of multitudes of men. It either produces of is produced by an en-feebled, vitiated state

of the blood, wherein that fluid becomes inompetent to sustain the vital forces in their rigorous action, and leaves the system to fall into disorder and rder and The scrofulous contamination is vadecay. The scrofulous contamination is va-riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy' habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says. "I will

seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and be-come ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from Sait Kneum, Scala Head, Goughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results. than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the blod, purge out the causes of discase, and vigorous health will follow. By its pecu-liar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been

by it. Masonic .-- Lodge No. 61. of Wilkes Barre, will on St. John's day, June 24th 1867, remove the remains of CAPT. DAVIS AND LIEUT. JONES members of the Fraternity, who fell in the expedition under Gen. Sullivan in 1779 and reinter them with appropriate Masonic honors in the Hollenback Cemeter at that place. Lodges and individual members an invited to join in the exercises. The procession will form at the Hall at 2 o'clock P. M. of that day,

Bridge Burned, -- The Railroad Bridge, on the Lack & B. Railroad, crossing the Lackawanna river at Old Forge, took fire from a coal train up, about noon on Tuesday last, The [superstructure was entirely destroyed. No watchman being kept at the bridge, the fire was not, discovered until it had got beyond control. The Bridge is being rebuilt with all possible energy. Meantime passengers and freight will have to tranship .- Pittston Gazette.

Treasure Trove .- - It is rumored that . on Wednesday of tast week, two laborers, on the Lehigh Valley Rail Road, on the Cooper farm, found a a pot of gold, and immediately left their work and have not since been seen in the vicinity. The occurrence is rendered the more mysterious from the fact that the men left without waiting to look after their pay. The indentation of what is generally supposed to be a large pot has been found on the work, and the excitement runs high. The thing may be a reality for tradition has it that many treasures were buried in the locality at the time of the Revolution, -Pittston Gazette.

Some of our Cotemporaries seem, to think that the triumph of their cause depended, like the fate of Jericho, upon the a mount of noise made .- in these days of refinement and luxury, an article of real intrinsic merit is soon appreciated ; hence the unbounded and unparalleled success of PLANTA TION BITTERS.

This remedy has ever and always been found re liable. As a gentle stimulent and tonte appetizer it cannot be excelled. It is no doubt a sovereign remedy for stomachic disorders --- for Dyspepsia, Liver Complaint, and in stimulating a healthy appetite

superior to Cologne and at half the price.

The New "Portable Organs," for sale at Powell's Music Store. Scranton, are made by Mason & Hamlin, and in all of the most essential points a re of the same material and workmanship as their celebrated "Cabinet Organs," but in order to furnish a good instrument at a lower price, the cases are made small and of cheaper material. Go and see them.

Boy's Bathlug -- The Scranton Register, in a late issue, after warning the boys against indulging in habits of cleanliness too publicly, or bathing between certain points in the Lackawanna ; give some of the dry-landers the following sly dig

Boys will swim, they must swim and swim they will, law or no law, but we would advise these doing so to go so far away that even those who are annoyby seeing them in a state of nudity. cannot see them by the aid of a spy glass from an upper story window.

> "They must have optics keen, I ween, To see what is not to be seen

A Fire on the mountain east of this place, originated by some careless person, on Saturday last, burned slowly up its side. At night, furnishing a free exhibition of Fire-works to all in town, which was truly sublime-except perhaps to the owners of the forest, who doubtless failed to see it in that light A friendly rain on Sunday afternoon quenched the fire and prevented the destruction of much

valuable timber. A couple of seared streaks run ning from the base to the top of the mountain, remain to mar its beauty and show course of the fire.

Don't Loaf Boys .-- Do something. If you don't go to school, or can't get a situation that pays still do something. Fix up things about home-repair fences, locks, doors, curtains-that done, and you can get wages, work for somebody until your services are discovered to be valualle. D n't look too sharp after wages. Our wealthiest men some. times worked for nothing, acquired a reputation for konesty, reliability, then gradually but slowly, rose to position. Don't loaf. A loafer if known is shuned by every respectable person. Don't loaf, boys.

More Valuable than Treasusy Notes .--How that old cynic Sam Johnson, would have revelled through Webster's massive new Unabridged !-How he would have gloated over its magnificent letter press and its illustrations, beautiful as new student. The Merriams have incurred a fabulous expense in having the whole work rewritten, reset, recast, and republished It is not a mere revision' but a reconstruction. To insure excellence in typography, it comes from the Riverside Press, which is all that is need be said about its mechanical execution. It is a marvellous specimen of learning, labor, research, and taste. It is by far the greatest literary work of the age .- Baltimore American.

The 4th of July .-- Most, if not all of our busi ness men have agreed to close their places of business on the 4th of July next, for the purpose of taproper regard for the day, as will appear by the lollowing note handed us for publication.

Grand Masonic Celebration to come off July 4th the subscribers give notice that their places of business will be closed that day.
