Local and Personal.

Ice Cream.---Mrs. E. Lease at the Toy and Fancy Store on Tioga street, serves up most delicious Ice Creams. Ladies and Gentlemen who desire, during the season, to partake of a delicious dish of this cold creamy article, made under her own supervision, had better give her a call.

Sheet Music.---L. B. Powell, 116 Penn. Avenue Scranton, has completed arrangements with large publishing houses, both in Eastern and Western cities, to have all the latest pieces forwarded to him as soon as published. He has now on hand a large variety of new music both vocal and instrumental.

Save Your Doctor's Bills.---When Dr. Wistar's Balsam of Wild Cherry will CURE coughs, colds bleeding at the lungs, and arrest the fell destroyer Consumption, it does more than most physicians can do. The use of a single bottle, costing one dollar will satisfy the incredulous that they need look no further for the required aid.

Mind, Matter, Money, Beauty.---Webster's Quarto Dictionary, as now published, has cost more intellectual labor, more money in it's "getting up," and contains more matter, and a larger number of beautiful engravings, than any single volume ever, before published for popular use in this or any other country. Bell & Daldy, the new publishers of Bohn's libraries, are the London publishers of this magnificent volume.

The Lehigh Valley R. R.---an account of the opening of which, to Wilkesbarre, we gave a a week or two since,— will, we are assured, be finished to Pittston in a month or two; and to this place, by about the 1st of January, 1868. Persons wishing to go to New York or Philadelphia via the Wyoming and Lehigh valleys will find this one of the best conducted roads in the State. The views of Wyoming Valley, and other places, and objects of interest afforded travellers, make it one of the most attractive to tourists, and pleasure seekers.

The time of arrivals and departures of trains at New York, Philadelphia and Wilkesbarre,—its present northern terminus—is given in our advertising columns to-day.

A Lady who had finished her education at a fashionable Boarding school, called upon an acquaintance who happened at the time to be coloring some faded ribons. Lady caller sent up card couched in the most approved language of the school. Imagine her consternation on receiving the following reply:

"Madam ——— sends her compliments to Miss ——— but begs to be excused, as she is now engaged in *dyeing*."

The news of course spread like wild fire, that Mrs ——— was dead.

The fashionable Miss would have been much nearer the truth, had she announced that Mr. A. M, Eastman constantly keeps on hand and manufactures to order, at his shop, on Tioga street, all kinds of boots and shoes, for Ladies and gentlmen, She might have added too, that they are sold cheap.

Blessed be the Man who first Invented Sleep," quoth Sancho Panza. Sleep has often been "murdered." not in Macbeth's case only, but in many modern instances, by Indigestion, Nervous Disorders, Headache and a host of other complaints. For all such there is a remedy, and sufferers may now exclaim, Blessed be the man who invented the PLANTATION BITTERS!" This delicious Cordial and fine Tonic is now hailed by millions as the great Health-Giver and Restorer. Resolve to buy a bottle, and don't "sleep on it." "Be wise in time."

Magnolia Water.---A delightful toilet article—superior to Cologne and at half the price.

Stir 'em up.---*The practice* for stirring up the steerage passengers on emigrant ships is ingenious To make them go on deck for exercise and air, in order to avoid quarantine, a heated shovel is sprinkled with cayenne pepper, and the fumes dislodge them from their nests in quick time. We advise the same prescription to disperse companies of all day and all night loafers from their haunts in drinking houses, billiard rooms, &c. A breathing spell in purer atmosphere would be decidedly healthy.

Strawberries, so large and sweet that some of our sweet small mouthed fair readers would find it very indelicate to eat without carving—have been laid upon our table, by Mr. A. E. Buck and Dr. J. W. Rhoads, both of whom have the largest and finest varieties we have ever seen or tasted. Those raised by Mr Buck measured 4½ inches in circumference Those raised by the Dr, were slightly inferior in size---averaging about 4 inches—but were most decidedly superior in *quantity* the ratio being 5 : 2. Thanking the donors for these splendid specimens from their fruit gardens, we feel constrained to hint, to all others in like manner acting, or intending to act, that *quantity*, as well as *size* and *quality*, is an important consideration with us, in the matter of strawberry culture.

Drowned while Bathing.---Thomas Boardman, aged about 21 years, son of Eleazer Boardman of Eaton Township, was drowned in the river, a mile or two above this place, on Sunday last. The deceased who, it is said, could not swim, was bantered by one of his companions, a young man by the name of Fuller, to wade across the river. Fuller who could swim, led the way, Boardman, supposing him to be wading, followed on, until he got beyond his depth, when he strangled and went down. On rising he called for help. His companion, supposing him to be feigning danger, paid no attention to his cries but swam on to the shore, where he arrived about the time young Boardman sank for the last time.—A boat was procured and search made for the body, which was not found until an hour or more had elapsed; when it was too late for resuscitation.

This sad calamity, falls with crushing weight on the hearts of the parents, who have been thus suddenly bereft of an affectionate and dutiful son. Society, too, has lost in him, one of its brightest and most promising ornaments. In a moment of thoughtlessness—at an hour when least expected—in the very prime of vigor, and manhood, animated with the fond hopes of youth for the future, the gates of death were opened; and he passed into the eternal world. How true, it is, that in life, we are in the midst of death.

IMPORTANT QUALITIES, BRANDRETH'S PILLS SO STIMULATE al the interior powers of the system that every poison or impurity is forced from the blood into the bowels and thus passes off. Recent cases of sickness will often be cured by the effect of 6 or 8 Brandreth's Pills, which, when the operation is full and complete leave the blood as free from poisonous and unhealthy matter as that of a new born babe, In colds, inflammatory diseases, and even in cholera, their use restores to health sooner than all other remedies. because they take from the blood and bowels those matters upon which pains, cramps, and aches depend for continuance.

Captain Isaac Smith, of Sing Sing, says, thirty of Brandreth's Pill, taken according to directions, cured him of a very severe bronchial affection after other means had failed, and he wishes his numerous friends to know the fact.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
