

Local and Personal.

Quarterly Meeting will be held at the M E Church in this place on Saturday and Sunday next at the usual hours.

The Democratic Standing Committee for Wyoming County and the citizens generally, will meet at the Court House on Monday evening, Aug. 19th—First day of Court week.

L. C. CONKLIN, Chm. Dem. Standing Com.

J. W. Hornor of Parkersburg, West Va. says that Dr. H. Anders' Iodine Water cured him of Scrofula. He had 37 running Ulcers when he commenced taking the medicine. Persons afflicted should make a note of this, and send to J. P. Dinsmore, 36 Dey Street, New York, for a circular concerning this remarkable remedy.

Pen-a-mite, whose monkey-shines in the Montrose Republican excited some inquiry as to his identity, having been nettled a little, by a thistle applied to the wrong end, has thrown off the flow-skin mask, through which his ears shone so plainly, and now kicks and brays out, without any effort at disguise. He is Thad. Stevens' man Friday, in more respects than one. He helped D. Thad. in the Joe Ritzer election frauds here, in 1878. He now subscribes himself—Ed. A. V. E. R.

Recovering.—Young Armstrong, son of Lewis Armstrong of Clinton Tp., who was shot by DeMorse—an account of which was given in the Democrat last week—it is thought, will recover from the effects of the wound received. It is to be hoped that this most unfortunate affair may have this fortunate termination. Fortunate alike to the boy and his family; and to the accused, who is now awaiting his trial.

Going up.—The dwelling house on the corner of Tioga and Warren St., owned by R. R. Little Esq. whose notice is being raised up from its heretofore humble position and with the proposed additions and improvements is likely to become one of the most tasteful and desirable residences in town.—We hope the spirit of improvement which now seasons the increase, may become infectious.—Let's go to work, everybody, and have a revival.

The Canal at this place, is now being filled by water from the Horse-race dam; to repair which, has up to this time, taken the labor of a large force of men. The first contingent of coal, to Major Wm. M. Platt, has arrived from up the river. It being a part of a boat-load which was stopped last Fall while on its way to the N. Y. Markets. The arrival of these black diamonds, is rapidly restoring the sweet temper of our good woman, which, judged from personal experiences, has been considerably soured, since they have had to depend upon the fuel prepared by the men folks for warming the soup.

Mill Gearing.—The estimation in which the work, turned out at the foundry of our enterprising townsmen, Gearhart & Co., is held by all who use it, appears in the following unsolicited statement, made by the proprietors of the "Eureka Mills;" the iron works and gearings for which, were made and finished at that establishment.

"EUREKA MILLS." HOPKINTON, June 27, 1867.

Messrs. Gearhart & Co.,—People in examining the "Eureka Mills" at once pronounce them the best running mills they ever saw. Machinists and mill owners all agree in declaring the machinery perfect, and enquire where it was made, fitted &c. For the benefit of all persons wishing such gearings we are glad to inform them that Messrs. Gearhart & Co., of Tunkhannock, were the manufacturers of the gearings of the Eureka Mills, and to recommend you to the patronage of all builders and owners.

SHOOK & TINGLEY, owners and proprietors Eureka Mills, Hopkinton, Susque Co. Pa.

"With Foul Metallic Qualifications a man may be pretty sure of earthly success. These are Gold in his pocket, Silver in his tongue, Brass in his face, and Iron in his heart."

But for a tonic appetizer, and as a gentle stimulant, there is reliable virtue in PLANTATION BITTERS. No article has ever been so popular or done half so much good. Let all who have not already tried this great stomachic, at once test its quality. We understand that the Druggists and Grocers of this section are selling vast quantities, and that scarcely a family is without it.

Magnolia Water.—A delightful toilet article—superior to Cologne and at half the price.

Decker Bros. Pianos.—Our exchanges as well as our our readers are invited to note the advertisement of Messrs. Decker Brothers, the prominent Piano manufacturers of No. 91 Bleecker street. We inform the public that a careful and official search, made at the United States Patent Office in Washington has proved that no patent for an improvement in Pianos was ever granted by the United States to any person by the name of Decker, except to the members of the firm of Decker Brothers, of New York City. This declaration has been necessitated by the fact, that some persons are trying to sell "Decker Patent Pianos," which have not been manufactured by Messrs. Decker Brothers—thus misleading quite a number of persons in the country.—New York Weekly Review.

The Wholesale and Retail Agency of these celebrated Pianos, for this section of country, is at the Music Store of L. B. Powell, Scranton.

Drowned.—A young man about 21 years of age, named Timothy Regan, who was engaged at the Horse-race dam, was drowned on Wednesday evening last, while attempting to ford the river a few rods below the dam. After finishing his work for the day, he—with a companion—proposed to wade the river to their boarding place, instead of returning by the boat, which was some distance above. Taking off his boots, he went into the stream until the depth and swiftness of the current carried his feet from under him, when he was carried rapidly down the stream and drowned, before assistance could be rendered him. All efforts to recover the body have thus far, been unsuccessful. He had on, when drowned, a check shirt and linen pants. In the pocket of pants is said to be four or five time checks.

Any information concerning the body will be thankfully received by Cornelius Regan, father of the deceased, who resides in Apolonia Tp. Susque Co. Pa. Post office address; Friendsville Pa. or by Patrick Mahoney, Foreman, at dam—P. O. address; Russell Hill, Pa.—If found and returned to the dam the expenses of securing and returning body will be paid.

The Band at this place on Monday evening were invited to the house of Mr. Demer Bidleman one of its oldest, if not the oldest member, to participate, in a cake, which, though not as large as the Pyramid of old Mr. Cheops, was nevertheless a sake of pyramidal form and proportions. The history of this Pyramid is not involved in so much obscurity as those of Egypt—though the thing itself has now "passed away"—It was made by some good Lady—who did not cheat in the quality, because of the quantity of materials—for our 4th of July celebration.—No raffle hand was laid upon it, on that eventful day. The Ladies resolved themselves into a committee of "ways and means" to add to the means. The way of it, was this; A Festival was gotten up at which this and some other remaining articles were disposed of by a sort of pious lottery, where all who wished, paid their money; but only one drew the prize. This one, after a search of a day or two for the lucky ticket-holder, was found to be Mr. Bidleman, who counted the whole Band in. After removing the statue on the pinnacle, which was doubtless gotten up by some lady artist, for it was a suit of doll-baby Godless—the hungry blowers of

brass, proceeded to demolish and devour the aforesaid Pyramid, which they did in a most effectual manner, from turret to foundation. A dish of fine berries and cream was served during the work of demolition, after which, any dust or crumbs, that may have lodged in anybody's throat, ran great risk of being dissolved or washed away, by a glass or two of a very excellent temperance drink, which we are informed, came from the vineyard of Mr. Wm Caskey, of the "Mountain Home."

Died.

KEELER—At Keelersburg, on Wednesday the 10th inst., Asa Keeler, aged 87 years.

The want of space and time obliges us to defer publication of obituary notice, until next week.—Ed.

PERUVIAN SYRUP. A PROTECTED SOLUTION OF THE PROTOXIDE OF IRON, supplies the blood with its LIFE ELEMENT, IRON, giving strength, vigor and new life to the whole system.

If the thousands who are suffering from DYSPEPSIA, DEBILITY, FEMALE WEAKNESS, &c., would but test the virtues of the PERUVIAN SYRUP, the effect would not only astonish themselves but would please all their friends; for instead of feeling cross, "all gone" and miserable, they would be cheerful, vigorous and active.

A DISTINGUISHED JURIST WRITES TO A FRIEND AS FOLLOWS:

I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years.

Thousands have been changed by the use of this remedy from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

The genuine has "Peruvian Syrup" blown in the glass. A 32 page pamphlet will be sent free

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINE.

TO CURE CONSUMPTION the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food which, by these medicines will be digested properly and good healthy blood made; thus building up the constitution.

SCHENCK'S MANDRAKE PILLS cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes diarrhoea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and annoy no irritation. Then all that is required to perform a permanent cure is, to prevent taking cold, Exercise about the rooms as much as possible, eat all the richest food—fat meat, game and, in fact, anything the appetite craves; but be particular and meticulous well. v6d27-2nd-6c-9f.

THE UNION PACIFIC RAIL ROAD CO.

THEIR FIRST MORTGAGE BONDS As an Investment.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and for miles, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is, "Are these bonds secure?"

Next, "are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 276 miles of this road are finished, and fully equipped with depot, locomotives, cars, &c., and two trains are daily running each way. The material for the remaining 131 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September of a first line.

4th. The net earnings of the sections already finished are several times greater than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a bona fide property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a second lien as its security. This amount upon the first 517 miles west from Omaha is only \$1,000,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad "builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities that Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to re-invest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being over 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay

Over Nine per Cent. Interest.
