CONDEMNUS PROBE LIKE ONE HELD IN CHICAGO.

GOV. TENNER SAYS "SENSATIONAL" QUIZ REFLECTS UNJUSTLY ON AVERAGE WORKING GIRL.

Harrisburg, March 21—That the Chicago vice probe, conducted by the Illinois Senate Commission making a campaign for a minimum wage law for women and girls, reflected unjustly on the average working girl, was the assertion of Gov. John K. Tener today before he met the probers for a conference. The Governor stated that he did not wish to see a repetition of what he termed a "sensational" probe in this State.

The probers were assured, however, that the administration and the leaders of the Legislature are in favor of taking steps to reduce the white slave evil, and that in such directions the Pennsylvania leaders will co-operate with Illinois and other States.

Gov. Tener was in Gettysburg during the day with the commission in charge of preparations for the coming semi-centennial celebration. He arranged for Speaker Alter and others to meet the probers and inform them that a public audience would be given at 4 o'clock in the hall of the House.

More Important Than Teeth.
"Well, Willie, my boy, what makes you so happy?"

"I've just had a piece of good luck. You see my front teeth. They're all gettin' decayed."

"Yes. That's too bad. You ought to have them filled at once."

"That's what the dentist said, and he told pa it would cost \$30."

"Can't your father raise the money?"

"He had \$30, but ma wanted it for an Easter hat, so we tossed a coin for it and ma won. Now I'll not have to get them filled."

Wily Woman.
"Does your husband ever complain about the cost of your Easter hats and gowns?"

"No. You see I always keep a lot of old bills handy to show him when he starts anything of that kind."

"What good do old bills do?"

"They show how much more my first husband used to be able to pay for my Easter hats and gowns than this one can afford to."

Nice Thing About It.
"There's a nice thing about Easter that I've never heard anybody mention."

"What is that?"

"It comes at a time when there's no danger that people who haven't any more sense than to do such things will not be likely to overcrowd excursion boats."

THE GREAT MONEY-MAKER.

"Due to the fact that the great demand for crude oil exceeds the supply there is no form of investment at the present time which affords greater money-making possibilities than the oil industry. Great fortunes have been quickly made by oil, and the opportunities were never greater than now. The Oklahoma Oil Co. has three producing wells and two more are to be brought in this week. An investment in this company is not only safe but may make enormous profits. The company is incorporated under the strict laws of the State of Oklahoma and is managed by capable and responsible men. The Corset for the Season

THERE is a marked difference between this season's corset and the models of previous seasons. If you will try to wear a former season's corset with a new dress you will instantly see the difference.

This general change is very noticeable in HENDERSON CORSETS.

The new HENDERSON models are styled and constructed to bring out every detail of the important fashion changes that distinguish this season's modes. When you wear the right HENDERSON CORSET—the model that has been individually designed for your figure—your contour will show the stylish, natural effect which is now the correct fashion.

You will like HENDERSON CORSETS. They are exceptionally well constructed; only high-grade, serviceable materials are used in these models; they are accurate fitting and comfortable. They range in price from \$1 to \$5.

At our well equipped Corset Department competent salesladies are in attendance to help you select and demonstrate the advantages of the corsets we sell.
