

Aching Eye Balls and Dull Headaches

Are Nature's Cry for Help. Heed It as You Value Your Eyesight. Consult **M. D. GOLDSTEIN, Eyesight Specialist,** AT COLLINS' DRUG STORE, HARTLEY BLOCK.

Will be at Meyersdale, Thursday and Friday, April 17-18, From 8:30 A. M. to 5:00 P. M.

Remember to visit Meyersdale every two weeks and guarantee all my work. I will make all necessary corrections and change of lens any time within two years absolutely free. Special arrangements and prices for Kryptok and Toris Lenses. Particular attention given to children. Eyes and sight examined free. Overcoming of Headache, Nervousness, Dizziness, pains in the temples, top and back of neck, watery and inflamed eyes, etc., (produced by eye strain) my specialty. No drops or drugs used at time of examination of eyes. Glasses fitted from \$2.00 up. Headache can be prevented by glasses,

and glasses scientifically fitted will prevent serious results sure to follow neglect. Your eyes are too important to be entrusted to an incompetent Optician. My reputation is a guarantee that you will get a service unequalled. Bear in mind that I am at Collins' Drug Store, Meyersdale, Pa., every two weeks. Every pair of glasses I adjust I will guarantee for two years and will make any necessary changes of lenses free of charge within that time. The one price pays for the care of your eyes for two years. Our responsibility never ceases, which means much to those who wear glasses. Our services are yours at all times

JOHNSTOWN NEWS.

April 1—Thursday of last week Charles Bird, of the firm of Bird Brothers, poultry financiers, who reside on Highland Farm, a few miles southeast of Meyersdale, paid a visit to this city, and your correspondent had the pleasure of a chat with him. The Bird Brothers are leaders in their line of business, raising and dealing in two famous strains of fowls—Giant Bronze Turkeys and Partridge Plymouth Rock Poultry. Their record at poultry shows is almost without parallel, frequently taking more first prizes than all other competitors combined.

Two Ex-Sheriffs of Somerset county—W. C. Begley and Edward Hoover, both of Somerset were visitors to the "Flood City" last week.

George Donges, of Meyersdale, the prominent meat merchant and cattle dealer, passed through Johnstown Friday last on his way to the Eastern cities on a business errand.

Mr. and Mrs. F. U. Daugherty, of Listie, were in the city one day last week shopping and calling upon relatives and friends.

The several Johnstown manufacturing concerns are running full time and the city and its environs seem to be enjoying an era of prosperity. It is authoritatively stated that the Cambria Steel Company, which employs many thousands of men, have car orders enough in advance to keep their plant running full time, day and night turns, until the middle of 1914, and notwithstanding this, orders for cars are still being booked.

Among those from Somerset county who were here during the last week attending the District Conference of Western Pennsylvania, Church of the Brethren, we noticed the following: Mr. and Mrs. M. C. Horner, and S. D. Gnagey of Meyersdale; M. S. Peck and Eld. Sias Hoover, of Somerset; D. W. Long and Dr. R. T. Pollard, Garrett, and Eld. P. J. Blough, Hooversville.

The storm last week, which lasted only a few minutes, did considerable damage on Main and Bedford streets in the way of blowing down electric signs and smashing plate glass store fronts.

Sunday morning we met W. T. Williams, whose name for years in Meyersdale was synonymous with interests. After coming to Johnstown for a time Mr. Williams conducted the Park Place Livery, which was among the best in Johnstown, but he disposed of the business and now holds a lucrative position with the Loraine Steel company in Moxham. Mr. Williams resides on Somerset street, one of Johnstown's most desirable residence streets.

Frank Gardner and Roy Younk are also getting along very nicely and "Brad" Graham is daylight chef for the Elk club, and is also a member of the Lennex club who have their headquarters in the Hannon Block on Franklin street. The Lennex club supports the famous Lennex basketball team which played and defeated the Broadway A. C., during the past season. Gilbert Shumaker, a son of Mr. and Mrs. D. F. Shumaker, of Moxham, reports the family all well. There are many other Meyersdale people here whom we have not yet seen, but will remember them in future letters to The Commercial.

MUTT.

A NEW THEATRE.

The Gurley jewelry and sporting goods stores will be transformed into the Bijou Theatre by June 15th. For several years Mr. Gurley tried to rent those desirable rooms so that he could give all his time to the automobile business. Talking pictures will be the specialty of the Bijou Theatre. The large rooms have now been rented and Mr. Gurley will now devote all his time to the garage.

Finance Committee. No report.

Street Committee reported.

Mr. Hamilton complained the water is running in his yard. Referred to committee.

With reference to the Old Mill Race council took this action: levees to be repaired, run in water must pass through the race and the race must be cleaned at least twice a year, or abandon the old race. Compliance to this request must be made by May 1st. or legal step will be taken to have the race abandoned.

The finance committee was instructed to have N. T. Boose and the City Solicitor at an adjourned meeting next Thursday evening. Adjourned.

TWO MORE GOOD WELLS IN OKLAHOMA

Dr. H. C. McKinley, who is acting as representative of the Oklahoma City Oil Company, has received word that the company has brought in wells four and five. The first of these new wells was brought in on March 25th, and the other three days later. Well number four came in with a great roar that could be heard for several miles and at first looked to be a great gasser. It quickly began to spray oil, however, and the opinion of the field manager is that it will blow itself into a good oil well of from 50 to 60 barrels daily output. All of last Saturday it was spraying oil high above the derrick. The pay sand in the other well was reached last Friday evening and on Saturday morning the oil stood in the hole fifteen hundred feet and the well at that time had not been shot. This may turn out to be the company's best producer as it looks good for 150 barrels or more.

The company now has five wells altogether and within the next two weeks drilling will be started on the sixth. The policy of the company is to set aside earnings for dividends, thus all new developments must be made from the proceeds of the sale of stock. The stock is offered at one dollar a share. Before accepting the agency of the company Dr. McKinley made inquiry from reliable sources in Oklahoma and found that the statements contained in the prospectus were true and that the management is in the hands of reputable and successful business men of Oklahoma City.

If you would like to make an investment which is not only safe but will with reasonable certainty, make big profits for the shareholders it would be well to get in touch with Dr. H. C. McKinley, of Meyersdale, without delay. A change in price and terms on which stock may now be bought is expected to take place at an early date. (Adv.)

As long as the present stock of goods last, we will make photographs at one half the regular price. All portrait frames will also go at the same rate. We guarantee all goods to be strictly first class and up to date. E. E. Conrad. ad

The Corset for the Season

THERE is a marked difference between this season's corset and the models of previous seasons. If you will try to wear a former season's corset with a new dress you will instantly see the difference. This general change is very noticeable in HENDERSON CORSETS. The new HENDERSON models are styled and constructed to bring out every detail of the important fashion changes that distinguish this season's modes. When you wear the right HENDERSON CORSET—the model that has been individually designed for your figure—your contour will show the stylish, natural effect which is now the correct fashion.

HENDERSON Fashion Form Corsets You will like HENDERSON CORSETS. They are exceptionally well constructed; only high grade, serviceable materials are used in these models; they are accurate fitting and comfortable. They range in price from \$1 to \$5.

At our well equipped Corset Department competent salesladies are in attendance to help you select and demonstrate the advantages of the corsets we sell.
