 house, but it is just as likely, also,  
 that most of them will perish in the  
 senate, if one's judgment may be safe-  
 ly based on what the senate has thus  
 far done—or rather not done.

**CIVIL COURT.**

A jury in civil court rendered a  
 verdict for the plaintiff in the Sher-  
 iff's interpleader proceedings of F.  
 A. Johns, of Uniontown, against the  
 Pitner Gas Light Co. In 1911,  
 Johns was the lessee of the Hotel Van-  
 ner, Somerset. The defendant sold  
 a lighting system to Ferd L. Sny-  
 der, John's manager, which the ho-  
 tel people claimed was entirely un-  
 satisfactory. The light company  
 brought suit against Snyder and  
 Johns instituted interpleader pro-  
 ceedings.

In the suit of Matilda Cook, of  
 Meyersdale, against Christian Sides  
 a jury returned a verdict of \$48 for  
 the plaintiff. A settlement was ef-  
 fected in a suit in which the same  
 plaintiff sued Harry Ryla.

The assumpsit action of Frank W.  
 Muncy, a Pittsburgh, detecting  
 against T. W. Gurley, of Meyersdale,  
 was continued.

On petition of citizens of Black  
 township, Judge Ruppel has award-  
 ed a rule on the road supervisors of  
 that township to show cause why the  
 tax levy of 20 mills for road pur-  
 poses should not be reduced to ten  
 mills. The rule is returnable on the  
 19th inst. The supervisors of Black  
 township are Jacob H. Miller, Sam-  
 uel Bittner, and Harrison Bittner.

Some time ago the supervisors  
 had the court make a decree per-  
 mitting them to make a levy of  
 30 mills instead of 10 mills which  
 had been the customary rate of the  
 township. They assigned as reasons  
 for the customary rate for the town-  
 ship. They assigned as reasons for  
 the increase the facts that the as-  
 sessed valuation of the district is  
 \$242,978, that the ten-mill rate for  
 1913, would bring in only \$2,400, and  
 that the township's indebtedness is  
 \$2,790.35, all of which except \$195.38  
 is for borrowed money. They con-  
 tended that nearly all the money to  
 be realized from a ten-mill levy  
 would be needed for road work this  
 year, leaving nothing to pay off  
 the district's indebtedness, for  
 which they wanted the ten mills  
 additional millage.

The present petitioners who will  
 be given a hearing on April 19th  
 claim that 20 mills road tax is un-  
 necessary and oppressive. They  
 submit as matters for the court's  
 consideration that the township au-  
 ditors report for 1912, shows a bal-  
 ance in the treasury of \$949.69, out-  
 standing taxes of \$512.85, unseated  
 land tax of \$694.15, which items when  
 added to the customary millage of  
 10 mills would produce a total of  
 \$4,586.47 available for road purposes  
 for 1913.

The petitioners claim that under  
 these circumstances the township's  
 affairs can be financed with only a  
 ten-mill rate. They further contend  
 that one half of this amount judiciously  
 and honestly expended on the  
 roads would put the highways in  
 better shape than the same have  
 been for several years past, and  
 leave balance of nearly \$2,600 that  
 could be applied to any valid in-  
 debtedness of the township. It is  
 alleged that the great part of the  
 indebtedness cited by the supervisors  
 is illegal, but even assuming that the  
 full amount is valid the balance of  
 \$3,600 would pay off all but a small  
 fraction of the same, which could  
 be easily be carried over to another  
 year for adjustment.
