

WEEK'S NEWS STORIES RETOLD

Events That Made a Stir Condensed to a Paragraph.

WHAT WASHINGTON IS DOING

Shows of Interest That Trickles From The White House and the Various Departments—Catalogue of Crimes and Casualties.

Washington

A petition bearing 3,000 signatures has been sent from Panama to President Wilson requesting the reopening of the case of J. Frank Houston, of Kentucky, sentenced to ten years' imprisonment for killing Harry Stern at Gatun February 8.

Secretary McAdoo has invited all officials and employees of the Treasury Department to make suggestions and recommendations for the improvement of the department.

A stay was granted Samuel Gompers, John Mitchell and Frank Morrison until their appeal to the Supreme Court is argued.

Daniel J. Keefe's resignation as Commissioner of General Immigration tendered May 3, was accepted by Secretary Wilson of the Department of Labor. Mr. Keefe was appointed by President Roosevelt.

Personal

Billy Arlington, known a generation ago from coast to coast as one of the leading minstrels of the country, is dead at a hospital at Los Angeles, at the age of 78. He was stricken with heart trouble.

The wedding gifts received by Princess Luise and Prince Ernest of Cumberland total \$2,000,000 in value.

Dr. Charles McBurney, famous in a magazine, near Stockbridge, Mass., went to a tree with his trout rod and line and pulled himself to safety on a log.

Dr. Robert Johns Trevor, formerly pastor of the Woodlawn Heights Methodist Episcopal Church, of New York City, was installed as president of Drew Seminary for Young Women, which is conducted at Carmel, N. Y. by trustees elected by the Methodist Episcopal Church.

Sporting

One of these days some crew will come along and defeat Cornell, but to all appearances Charles E. Courtney is the same old wizard. It was just play for the Red and White eight to run away from Harvard.

Word comes from Los Angeles that Willie Ritchie, the lightweight champion of the world, has agreed to face Joe Rivers for the title on July 4 at San Francisco.

George Stovall, manager of the St. Louis Browns, under indefinite suspension since May 3, has been reinstated.

Edward Mullaney, star catcher of Georgetown University, has been signed by John J. McGraw, and probably will join the Giants next month. Mullaney is only nineteen years old.

General

B. Sanders Walker, the poisoned banker, died at Macon, Ga., without regaining consciousness.

The State Department received advices from Japan indicating a more favorable situation in the California question.

Henry W. Hubbard died of heart disease while clipping coupons in a room of the Safe Deposit Company of New York.

The Federal parole board has completed consideration of 200 applications for parole in the United States penitentiary at Leavenworth.

J. B. Webb, of Lombard, Ill., after five years' work has traced his family back to 1350 revealing ten thousand ancestors and relatives.

The Northern Presbyterian Assembly, in session in Atlanta, refused to amend its constitution so that women may become deacons.

Miss Vinnie Colt, a runaway girl, was killed and her body was partly eaten by bears, about 20 miles from Truckee, Cal.

William Messner and Leslie Yaker, deaf mutes, were killed by a railway construction train at Big Stone City, S. D.

M. M. Rosenthal, a storekeeper at Hroversville, died five weeks after being inoculated with Dr. Friedmann's tuberculosis cure. The New York Health Department will rigidly investigate the case.

Chicago citizens have started a campaign to end unnecessary noises.

The steamship Somona arrived at New York from Australia with 192,000 pounds of veal, beef and mutton on board.

Henry G. Rinker, street commissioner of Bayonne, N. J., touched a heavily charged wire and was electrocuted.

Henry P. Davison, partner of the late J. P. Morgan, criticized President Wilson and Secretary Bryan about the new foreign policy and the government's withdrawal from the Chinese loan.

To Amalia J. Barlott in the estate of Israel C. Barlott, late of Hooversville. Bond \$100.

To George S. Deneen in the estate of George S. Deneen, late of Fair Hope twp. Bond \$1,000.

The Apple Tent Caterpillar.

Senator Baldwin, whose home is in the northern part of Pennsylvania, has called attention of State Zoologist H. A. Surface, Harrisburg, to the unusual outbreak of tent caterpillars this year. This is one of the pests which is beginning to appear in accordance with the statements published by Prof. Surface, in January, to the effect that this would be an unusual year for such pests as Aphids or Plant Lice, June Bugs and White Grubs, Cut Worms, and Tent Caterpillars.

Senator Baldwin says that throughout the northern and central portions of Pennsylvania the caterpillars are so in evidence upon practically all wild cherry and most neglected fruit trees that they are already quite defoliating them. These pests are conspicuous on account of the large tents which they make in the forks of branches, and which they leave to travel the leaves for food. They cause great damage by eating away the leaves, which for trees perform the functions of both lungs and stomach. This causes a new set of leaves to develop on new twigs, which means late growth a weakened tree, poor fruit buds, no crop this year, special dangers of winter freezing next winter, and but little crop for the next year, on trees that are permitted to remain badly infested by pests this spring.

Dr. Surface recommends destroying tent caterpillars by one of the following means: 1. Spray as the young worms or larva appear, using a quarter of an ounce of Paris green or an ounce of arsenate of lead in fifty gallons of water. 2. Cut of the infested branches and burn them. A certain amount of pruning at this time of the year is more beneficial to the tree than injurious. 3. With a brush on the end of a pole twist out the nest and dip this into a vessel containing kerosene or any other oil or into hot water. 4. Load a shot gun with a good charge of powder and plenty of paper wadding, but no shot, and then shoot them out.

Do not attempt the too common practice of trying to remove them by burning the tents. It takes only a small amount of heat to injure the bark of a tree and make it commence to die, or permit fatal blight germs to enter where thus injured. Trees are more easily injured by burning than is generally believed. The poorest possible way of getting rid of ten caterpillars is by burning.

Wild Cherry trees, seedling fruit trees, and all old and worthless fruit trees, should be cut down and burned as a general means of horticultural sanitation in getting rid of insects and plant diseases. The little black wild cherry is worthless, and the tree is a pest breeder. Orchards that are regularly sprayed, as for the codling moth, will not be injured by other pests which are here mentioned.

"IN A BAD WAY".

MANY A MEYERSDALE READER WILL FEEL GRATEFUL FOR THIS INFORMATION.

If your back gives out; If becomes lame, weak or aching; If urinary troubles set in; Perhaps your kidneys are "in a bad way."

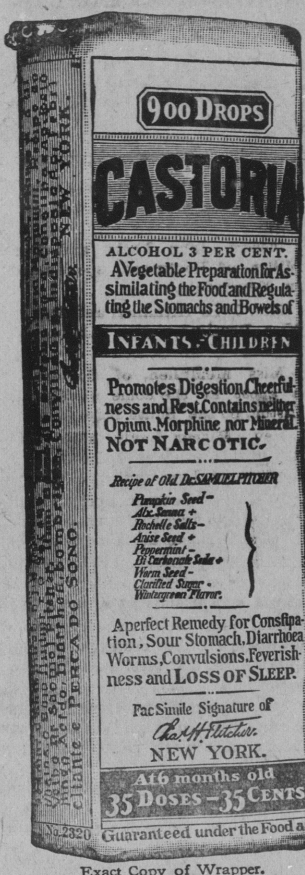

Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth.

P. T. Miller, retired farmer, Main street, Berlin, Pa., says: "I have had no reason to change my high opinion of Doan's Kidney Pills and I recommend them just as highly today as I did in October, 1907. I have not had to take a kidney medicine during the past several years. I was severely troubled with kidney and bladder complaint. The kidney secretions were irregular in passage and it often seemed as if my kidneys were not acting at all. I also suffered from acute pains in my back. When Doan's Kidney Pills were recommended to me I began using them. They acted just as represented and it was not long before I had relief. My advice to other kidney sufferers is to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
