RIDGE VIEW.

On Friday evening we were visited by a violent electric storm and down-pour of rain. A large barn belonging to Thomas Shiror was struck by lightning and burned to the ground. Also a barn belonging to Lafayette Frazee was struck and burned down. Mr. Shiror's and Mr. Frazee's farms adjoining. All the farming implements of Mr. Frazee were destroyed.

A. C. Jeffreys, our popular butcher, had a cow killed by lightning. She was standing close to a wire fence and received a heavy charge.

Miss Edna Landerbaugh, who has been attending high school at Baltimore, is home on a vacation.

We have noticed an article in The Commercial of June 19th of Addison. Had the writer of this visited this place, he would have seen a place of special mention. Ridge View is situated about one-tenth of a mile from the National Pike and is at present owned by A. C. Jeffreys, our butcher. Looking eastward you can get a full view of Winding Ridge, and in the southern direction you can see the hills of Maryland and on a clear day you have a beautiful view. Several years ago at a social given by the present tenant C. R. McMillan was asked to give the place an appropriate name and the squire, as he is familiarly known, proposed the name Ridge View. So it was christened and named and it is to be hoped that it will always hold that name which is so appropriate. Mr. Jeffreys has since purchased the farm from the former owner, Dennis Grove about eight years ago built a large barn which required 40,000 ft. of lum-

ber to complete. The barn has a slate roof and is in fact a beautiful building costing \$25,000. The farm is stocked with good healthy cattle which are butchered every week and sold in Listonburg. We sincerely hope that when the editor of The Commercial calls again at our town of Addison, he will visit Ridge View.
