Children Cry FOR FLETCHER'S CASTORIA

The Ability to Check

Shows Man's Supremacy

If the horses, cattle and chickens had their way they would enter the ripening hay and grain fields and eat and trample down the maturing products. Having a feast today—a famine tomorrow.

But man builds fences, mows and reaps, saves and stores away the summer's abundance for the winter's needs.

The same care, the same restraint, the prudent man employs with his money. Dollars in the pocket go quickly.

Dollars in the bank go slowly. The writing of a check causes us to think twice before spending.

Show your supremacy by opening an account and your ability to check yourself by checking on

THE Citizens National Bank.
