THAT SOMETHING NEW

JUST back from the Eastern Markets, where we spent one week in hunting out the new things in Fall and Winter Wearables for women and children.

The new goods are coming in every day, not the extreme things, but creations embodying the latest designs, with just a touch here and there of *that something new*.

For instance, our new fall line of silks includes the latest in fancy trimmings and piece goods,—just the things the *big stores* are showing for the coming season.

Then, perhaps, we can offer some suggestions on that new dress you are having made.
