IS PART OF HUMAN LATURE

Love of Outdoor Life Has Been Planted Deep in the Breasts of Men and Women.

Whether it is an evidence of our barbaric instincts or not, the fact remains that the love of outdoor life lies mains that the love of outdoor life lies ieep in the breast of every man, woman and child. Camping is the popular vacation pastime. Young and old snjoy it. It is no longer necessary to go out into the woods and sleep in a "lean-to" or open shed, upon a lot of wiry boughs, for in these days, at any sporting goods depot, one can find an untift, from mattress to tent, which will give him, in camp, almost the comforts of home, says a writer in Leslie's Weekly. A couch and a shelter are both desirable wherever one may be, not only from the standpoint of comfort, but of health.

The demand for camping places is

The demand for camping places is being met everywhere—at the sea-thore. Presumably the vogue for amp life was first stimulated by the old-fashioned camp meetings, a few of which still remain as centers of which still remain as centers of to Roye, Albert and Combles. The two latter places are north of the Somme.

"God's first temples."

So great has the demand for camp resorts become that states like Wisconsin and Michigan, which are filled with lakes where bass, pickerel, pike and muskellunge abound, offer camp sites at a nominal rental. Individuals or families can have a tract in the forest reservation of Wisconsin, for the serection of tents or temporary structures, at a yearly fee of \$2 per person, or \$5 for a family, or an individual or alub may lease five acres or more for a period of from one to twenty years, with privilege of renewals, at annual rental of from \$10 to \$50.

To those who love the life outdoors nothing commends itself from the standpoint of health more than a few weeks' culture gives are some the standpoint of health more than a few weeks' culture and for camp structure, and also Chaulnes, which is in an almost direct line between Roye and Albert.

It is here that the allies have been attempting a wide turning movement, to prevent which the Germans had apparently sent out strong opposing apprently sent out strong opposing apprently sent out strong opposing to late dispatches, has at last been successful.

The allies were expecting reinforcements of well-trained troops from India, and they may have arrived in time to turn the balance in favor of their side.

Carranza Leaves Action in Doubt.

Mexico City.—In his reply to the petition of Francisco Villa's generals, asking him to resign in favor of Fernando Igesias Calderon, and thus avoid civil war, Gen. Venustiano Carranza says:

"I' will gladly take such action if it is ratified by the general conference; if not I will fight with the same energy that I employed in combating the usurpation of Huerta."

The allies were expecting reinforcements of well-trained troops from India, and they may have arrived in time to turn the balance in favor of their side.

Gen. Carranza Leaves Action in Doubt.

nothing commends itself from the standpoint of health more than a few weeks' outing along the seashore or in the woods. Where a family cannot

Poster advertising on boardings in England are often bad enough, and the boards stuck up in fields by our railway lines are an abomination. But the apotheosis of the blatant in adver-tisement is surely to be found in Belgium. Practically the end of every house within view of the line at sta-tions between, say, Antwerp and Na-mur, and even on as far as Luxemburg, is plastered over with lettering vilest colors Personally, I would never touch the thing advertised in this abominable way, but one can im-agine one's self going into a cafe and subconscious memory sending to the lips the name of some insistent Schiedam or liqueur. Belgium is cer-tainly the most industrial country in ope and the most advertising. One the feeling that the entire nation

A treaty is a form of disagreemen between two countries reduced to language which enables each of them to crawl out of it. It belongs in the same amily as the insurance policy, except that no one can understand an insur ance policy, whereas, a treaty reads as though it were perfectly plain, until something happens that makes one of the parties to it wish to get out of it. Treaties are used for various purposes; to promote typewriting agencies, lawyers, diplomats and to furnish cies, lawyers, applomate and to the material for editorial writers to convey the impression that they know something of what they are writing about. The principal use of treaties, however, is to bring on wars.—Life.

GERMAN RIGHT IS REPORTEDBROKEN

Hard Blows Struck in Battle to Decide Issue

PERRONNE WAS RECAPTURED

Official Statements Fail to Confirm Saying Only That the Situation Is Not Changed — Germans Claim Further Gains.

BULLETIN

London.—A Paris dispatch says:
"It is stated here tonight (Tuesday)
that the German right has been entirely broken and is now being pursued by the allies. All the automobiles in Northern France have been requisitioned for the purpose of pur

the retreating enemy.

"The official communication issued demonstrates unmistakably that the Germans have been surrounded in the Somme department, the French front

"It is officially stated that Peronne has been recaptured."

The above message has been referred to the British official press bureau, which, while not objecting to its publication, takes no responsibility for its correctness.

for its correctness.

London.—Fighting of the past few days have been in the form of heavy offensive operations in Northern France. Some hard blows have been struck by each side, and the lines of the opposing armies were reported to be intact according to dispatches received before the news that the German with right with the dependent of the past of man right wing had been broken by

the allies.

The lengthy official communication issued by the French general staff makes this plain. The lines of the allies are roughly sketched in the statement, and it is gathered that the French right still rests on Ponta-Mousson and from there turns southward to cross the Meuse near St. Mihlel, where the Germans have succeeded in pushing a contingent for ceeded in pushing a contingent for-

ceeded in pushing a contingent forward.

Thence the front proceeds northward to encircle Verdun, from which fortress it strikes directly westward to Rheims and thence northwestward across the River Aisne at Berry-au-Bac. It follows the Aisne to Soissons and runs from there northwestward, crossing the River Oise at Ribecourt

their side.

weeks' outing along the seashore or in the woods. Where a family cannot leave home for a week or two, a pleasant picnic in the woods, a few miles from home, will make the week's end a foy to be looked for with increasing appreciation. There is something in the atmosphere of camp life that brings out the best things in our nature. A few days in the sunshine, with an occasional shower thrown in, will do all of us good.

Output in State Last Year Was 264,657,020 Tons.

Harrisburg.-Figures of the production of coal in Pennsylvania during 1913 were made public here by the State Department of Mines, showing that the output was 264,657,020 tons, of which 173,030,064 were bituminous and 91,626,956 tons anthracite. These figures exceed all previous records, and it is stated that the Pennsylvania production is 50 per cent of the national output and 25 per cent of the output of the world.

Big Gas Well Near Ridgway. Ridgway, Pa.—The largest gas well ever struck in this vicinity came in Saturday in the Montmorenci road, about two miles from Ridgway. It was struck at a depth of 2,508 feet and came in at the rate of 10,800,000

United States Cruiser Sent to Turkey. United States Cruiser Sent to Turkey. Washington, D. C.—Orders for the armored cruiser Tennessee, now at Falmouth, England, to go at once to Brindisi, Italy, were issued by the Navy Department. Brindisi is on the Adriatic coast of Italy, across Otranto Strait from Turkey, and is within 50 miles of Turkey. The cruiser North Carolina is in Mediterranean waters.

and Hill in Sonora-United States Troops Will Remain at Vera Cruz Until Settlement.

Juarez. Mexico.-The most pretentious and important military movement that Northern Mexico has ever known will be under way within the next few days, if the plans of General Villa are carried out. They will be preliminary to an appeal to Genera Carranza to avoid another revolution by retiring as first chief of the constitutional-

ist army.

In the event of refusal, which seems certain, General Villa intends to advance directly toward Mexico City' with a force of between 40,000 and 60,000 men, feeling confident that he can overcome any resistance offered by his former chief.

Villa is said to be expecting the

recovering from an operation for appendicitis and hopes to rejoin his vessel soon.

BANNER COAL PRODUCTION

Nil distribution of the United States and, although he precipitated the present crisis, is endeavoring to create the impression that he earnestly desires to prevent further fighting. He is reported to be preparing a statement for the people of the United States justifying his stand against Carranza by insisting that the elimination o Carranza is necessary.

Douglas, Ariz.—Carranza forces un der General Benjamin Hill were routed by the troops of Governor Maytorena in the first engagement of the
new revolution proclaimed by the
State of Sonora in connection with
General Villa's defiance of Carranza. Maytorena reported that his men had killed 78 of Hill's troops, including two majors and nine other officers. Fighting began near Santa Barbara

and continued throughout the retreat toward Santa Cruz, which Hill ordered when he found his troops outnumber-ed. A concentration of the Carranza forces in Northern Sonora is ordered for Naco, where it is expected the definite test of strength will come. Hill's wounded arrived at Naco with Cananea refugees. Supplies and munitions are reported on the way and as the troops are withdrawn from the West they are burning railroad bridges. Maytorena's forces are said to be following closely. The first continuous forces are said to be following closely. tingent of wounded numbered 29, among whom were Colonel Arnulfo Gomez, second in command, and Captain Abad.

Washington, D. C .- American forces will remain in Vera Cruz until the question of authority as between Gen-eral Carranza and General villa is set-

tled.
Secretary Garrison telegraphed General Funston at Vera Cruz that the American forces would not be withdrawn "for at least ten days," until certain administrative questions concerning the transfer of funds at the Custom House could be adjusted through diplomatic channels.

Chihuahua City, Mex.—Immediate resignation of General Venustiano Carranza as first chief of the Constitutionalists is the only basis on which General Francisco Villa will agree to settlement of differences be-tween himself and Carranza. This was his reply to messages from offi-cials in Mexico City, who protested against his attitude toward Carranza. Villa declared he never would ac-cept Carranza as head of the Re-

Wireless Station Closed.

Washington, D. C .- By order of President Wilson, as commander-inchief of the army and navy, the wire-less station of the Marconi Company at Siasconset, Mass., was closed be cause it declined to recognize the right of the federal government to exercise a censorship over the plant.

War Taxes Approved By House. Washington, D. C .- The war tax washington, D. C.—The war tax bill, the administration measure, ex-pected to produce \$105,000,000 reve-nue, passed the House by a vote of 234 to 135. The bill now goes to the Senate, where the Finance Committee has begun paving the way for its prompt passage.

Norwegian Ship Sunk By Mine London.—A dispatch from South Shields says the Norwegian steamship Hesvik has been destroyed by strlk-ing a mine in the North sea, the chief engineer and one of his assist ants being killed. How Resourceful Woman Used Her Fireless Cooker to Aid Her in Task of Washing.

That the fireless cooker principle is applicable to some other branches housework has been proved conclusively by one of our clever readers, who startled me the other day by writing that she washes her clothes in a fireless cooker, says the Philadelphia Ledger. This sounded unbelievable, but this is what she did:

She purchased a large, well-made barrel with the head knocked off, and barrel with the head knocked on, and also bought a large galvanized can with close-fitting lid, such as is used for removing garbage or containing water. She placed the large can with-in the barrel and she filled the threein the barrel and see filled the three-inch space between the two entirely with excelsior, which she packed down thoroughly—in other words, she insul-ated the can as much as possible. She also made a little cushion stuffed with excelsior to entirely cover the barrel top and fit down over the top of the inner can.

Now what next did this woman?
She filled the can half full of boiling water, in which she placed her white clothes, together with a generous handful of soap powder. She then shut the lid, pressed down the circular cushion and let the clothes remain in the sude over the clothes remain in the suds over night. In the morning she found them very thoroughly soaked, to say the least, and thus a great deal of her washday labor

Who says our housewives are not ingeniou

HOUSEHOLD SUGGESTIONS

When making apricot jam add a little lemon juice. It gives an excellent flavor.

When whipping cream beat slowly for the first two minutes and then very rapidly.

Instead of boiling beetroots roast them in the oven. The flavor will be

much improved. If bacon is soaked in water for a few

If bacon is soaked in water for a few minutes before frying it will prevent the fat from running.

Save the vinegar left over from pickles. It is better than ordinary vinegar for salad dressing.

Gold embroidery may be cleaned when it tarnishes with a brush dipped in burned and pulverized rock alum.

When washing saucenams be sure to

Gold embroidery may be cleaned then it tarnishes with a brush dipped a birned and pulverized rock alum. When washing saucepans be sure to ay them in front of the fire for five or en minutes, so that they may dry horoughly inside, and so prevent decriorating through getting rusty.

cake. Beat one cupful of butter to a cream, add two cupfuls of sugar and beat, then add three eggs beaten light, one cupful of milk, three cupfuls of flour in which have been sifted four level teaspoonfuls of baking powder. Put one-half of this batter into two layer cake tins. To the other half add one tablespoonful of molasses, one cupful of chopped raisins, one-hal cupful of currants, one-quarter cupful of citron shaved very fine and a tea-spoonful each of cloves and nutmeg. Bake in two pans and put all together, alternating light and dark. Put either white icing or beaten jelly between

Bradford, Pa.—Leo Nolder, alias cupful rolled cracker crumbs; one cupful milk. Have the skillet hot, place two tablespoonfuls butter; when melt the faked salmon, stir these together, season well with pepper, salt, then add the other melt the faked salmon, stir these together, season well with pepper, salt and salt, then add the other the faked salmon, stir these together, season well with pepper, salt and salt, then add the other the faked salmon, stir these together, season well with pepper, salt and salt, then add the other which have been put the salt and salt the salt and salt and salt and salt and salt and salt and salt the salt and salt and salt the salt and salt and salt the salt the salt and salt season well with pepper, salt and a dash of cayenne and then mix one quarter teaspoonful of dry mustard with the oil that was on the salmon and stir in the mixture. When the short notice, and is surely a hungry boiling custard and leave until cold man's delight.

BROUGHT INGENUITY TO BEAR LITTLE SUGAR NEEDED

EXPERTS TELL OF THE NEW METHODS OF CANNING.

Plain Water Instead of Sirup May Be Employed in the Process—Spe cialists Explain the Idea, as Worked Out.

ment of agriculture who have been following the fruit situation call attention to the fact that in almost all wholesale markets peaches for can-ning and preserving are very bounti-ful and are being sold at prices ad-vantageous for canning in spite of the increased price of sugar. There is no indication, however, that the price of sugar will fall materially dur-ing the present fruit season. It is es-timated, though, that with peaches at wholesale markets peaches for cantheir present prices the combination of peaches and sugar necessary for preserving will not make a prohibitive total cost. Moreover, there are successful methods of canning fruit which call for much less sugar than the treather or the cost of the combined of the cost of that usually employed in this process by home preservers. The department recommends the following method of putting up peaches and apples without any sugar for those who find their local sugar prices prohibitive for can-

"If the price of sugar is prohibitive one may can peaches so that they will keep indefinitely by using plain water instead of syrup. The following recipe may be used:

"Remove skins from peaches by immersing in boiling water for about one minute and then dipping in cold water. Place whole peaches in glass jars or tins and fill jars with hot water. Place rubber and top in place and sterilize for 15 minutes in hotwater-bath outfits, 12 minutes in water

water-bath outfits, 12 minutes in water-seal, ten minutes at five pounds of steam pressure or five minutes at fem pounds of steam pressure.

"Of course the peaches when re-moved from the jar will not taste so sweet as those canned in syrup. How-ever, if sweetening is desired it may be added when the fruit is to be

eaten. "This same method is good for can-

ilized 16 minutes in hot-water-bath outfits, 12 minutes in water-seal, ten minutes under five pounds of steams and four minutes under ten pounds of

Chicken Cooked in Crean

Prepare young chicken as for fricas-see. Roll in flour, sprinkle with salt and pepper. Lay in buttered pan close together. Cover with sweet, ri-cream and bake until cream is near all cooked away, and top of chicken nicely browned. Chicken must young and tender for this.

Chill Sauce.

Take 24 large, ripe tomatoes, three red peppers, seven white onions, five cupfuls of vinegar, two tablespoonfuls of salt and one cupful of white sugar. Boll the vinegar, sugar and salt, then add the other ingredients, which have been put through a meat

Peel two bananas and slice them. Pick over half a pound of ripe peaches. Slice a sponge cake and lay it in a glass dish. Place the fruit on it in whole is thoroughly heated through glass dish. Place the fruit on it in and thick it is ready to serve. This alternate layers. Cover with sponge makes an excellent dish to prepare or cake. Pour over a pint and a half of
