FINE FRUIT IS PINEAPPLE

Healthful, Delicious, and Not Expensive, it is Deserving of Much Wider Recognition.

For pineapple mousse, make a syrup with one cupful of sugar and quarter of a cupful of water; add gradually the yolks of four eggs, stiffly beaten, beating all the while.

Pineapple cream also calls for gelatin and is a dessert specially good in hot weather. To make this, dissolve two teaspoonfuls of powdered gelatin in a cupful of boiling water.

CONCERNING CHANGE IN DIET

Meat Eater Must Go Somewhat Slow When He Becomes Convert to Vegetarianism.

Many people are deciding to join the ranks of the vegetarians, for a time at least, but this should be done with the greatest care and thought.

The meat eater cannot take up the new diet at will, as the blood has to be kept to a certain heat, and this can only be done by foods with which the constitution is already familiar.

With regard to flour, the mainstay of the home, it should not be wasted on cakes and the like, but kept carefully for bread, which is as necessary as life itself.

The principal meal in the day should be the dinner, of course, and the housewife who takes off a course or two is doing an act of self-denial which is of inestimable value to her country.—Exchange.

Walnut Cream Cake. For the layers use any regulation cake recipe. The following is very good and easily made by beginners:

One cupful sugar, one-half cupful butter, three eggs (whites and yolks separately beaten), one and one-half cupfuls flour, one and one-half teaspoonfuls baking powder, one-half cupful milk, vanilla flavoring. Bake in three layers.

Elderberry Wine. One quart elderberry juice, two quarts water, then add one pound sugar to every pint of the mixture and let it work. We made ten gallons two years ago and it was delicious.

FRENCH ADMIT FALL OF LILLE

Belgian Government Flees From Ostend

CAPITAL MOVED TO FRANCE

Eighty Zeppelins Massed to Attack England—Germany Building Monster Krupp Guns—Belgians May Offer Resistance at Bruges.

London.—The headquarters of the Belgian government were transferred to Havre. With the exception of King Albert, who remains at the head of the army, and the Minister of War, the members of the Cabinet with the other government officials and the diplomatic corps left Ostend by steamer for the French port, where they will carry on the affairs of state and where hospitality has been offered them by the French government.

Ostend.—As a result of the imminence of military operations about this city and raids by German airships, the Belgian government has gone to France. Three German aviators flew over the city and two of them each dropped a bomb.

Neither of them exploded, but the raids caused a panic that is driving the people to England.

According to reports received here, the Germans have occupied Ghent and are proceeding westward.

Paris.—Lille has been captured by the Germans. This is the outstanding feature of an official statement issued here. The fighting has centered about Lille for nearly two weeks. The admission by the French that it has been lost indicates that the Germans are gaining in their counter-attacking movement against the allies' left wing, and that the Kaiser's troops will now sweep quickly to the coast.

The capture of Lille was effected by a German army corps, says the official statement.

To offset the loss of Lille, the French claim that they have gained ground between Arras and Albert, southwest of Lille, and also at the center of the battle front in the region of Berry-Au-Bac.

The fighting is getting nearer and nearer to the English channel littoral as the German cavalry is pushed forward in advance of the infantry and field artillery.

It is undoubtedly one object of German strategy to establish a line from the channel coast southward, thus cutting off the French, British and Belgian troops in Belgium from the main force of allies in France.

Berlin.—That the German armies are masters of all Russian Poland west of the Vistula river is the declaration made in an official statement issued at the war office. The statement admits that the Germans lost a little ground in Russian territory near the East Prussian frontier, but declares this is of no consequence, as they had never planned to occupy the government of Suwalki.

The official statement follows: "After their expulsion from East Prussia, the Russian armies were pursued across the frontier. The center of German military operations is now Poland. The whole of Poland west of the Vistula is now in possession of the Germans. The Russians occupy only Warsaw.

Amsterdam.—Reports are current in Berlin that the Krupps have completed some enormously heavy guns of a caliber and range never before attempted, and that a large fleet of Zeppelins, numbering 80 or more, is being collected near Kiel, awaiting a favorable opportunity to sail for England, according to the statements of a British newspaperman who has just returned from Berlin to Amsterdam.

Artillery officers assured this correspondent that the new Krupp guns have a range of about 25 miles, and probably are destined for use at some channel port in event the Germans secure a foothold there.

He also says that the aeroplane factories in Germany are working day and night supplying machines, and that 200 aviators are qualifying for military service every week.

The German invaders have begun to sweep across Northern Belgium. They occupied Ghent without opposition and are now said to be well advanced toward Bruges on their way to Ostend. They probably will meet with strong opposition before they reach Bruges, as the Belgian army is now being reorganized and has been reinforced. All dispatches from that region are being strictly censored.

Warsaw is Threatened. Washington, D. C.—Warsaw, capital of Russian Poland, is threatened by German forces and may fall at any moment, according to an official dispatch to the American government from one of its consuls, who asked

Lemberg Retaken, Is Rumor. Berlin, via The Hague and London.—There is a rumor current here today, but it lacks confirmation, that Lemberg, Galicia, has been retaken by the Austrians.

ROOSEVELT'S TRIP INTO PENNSYLVANIA TERRIFIES PENROSE

Gangsters Had Been Telling Independents That Colonel Was Not Coming and Now Boom-rang Has Hit Them

Philadelphia, Pa., October 12.—The Penrose-Brumbaugh machine followers are up against a stone wall. For the past two months in the campaign they have been telling Washington party men and other independents that Colonel Roosevelt was not coming into the State. Their campaign has been directed to the Washington party men who supported Roosevelt in 1912 in the attempt to win them over by saying "We are for Roosevelt, too, and the Colonel knows it and won't come into the State. Our big job now is to clean out the Democrats and then we will rally together for Roosevelt in 1916."

This campaign scheme originated by Penrose and Brumbaugh has been knocked in the head. Roosevelt has already been here and made a brilliant attack on Penrose and Penroseism in Philadelphia. Comes Here Again on 20th.

On the 20th he comes to Erie and beginning on 26th, he will spend not three days, as was originally arranged, but four days touring the States.

The determination of Colonel Roosevelt to visit every important center in Pennsylvania and to attack Penrose and Penroseism, has caused gloom to settle down at Republican headquarters.

At the present time Gifford Pinchot is the strongest looking candidate to them in the field. Brumbaugh's chances are dwindling daily. As a matter of fact, it is not expected that Philadelphia will give enough majority to Brumbaugh to overcome the lead that McCormick will have in the other counties of the State.

Preparations for the Roosevelt trip are now on and it will be an old-fashioned campaign journey through the counties of Pennsylvania. The Roosevelt train will enter Pennsylvania at Easton on Monday morning, October 26th; will stop at Bethlehem, Allentown, Mauch Chunk, Lansford, Tamaqua and reach Pottsville for a noon meeting. That afternoon, the train will stop at Johnstown, Ashland, Mt. Carmel, Shamokin, Sunbury, Lewisburg and Milton will have train stops and the Colonel will deliver his evening speech at Williamsport.

On October 27th, Colonel Roosevelt will speak at Scranton, where he will make a speech for Congressman M. Clyde Kelly. He will then enter the district of Congressman Henry W. Temple, stopping at Monongahela City, Charleroi and California, and will make a noon time speech at Uniontown, the home of the Republican State Chairman, John Crow. From Uniontown, Colonel Roosevelt will motor over to Morgantown, W. Va., where he will speak for the West Virginia Progressives. Returning to Uniontown, he will stop at Connellsville, Scottsdale, Greensburg, Latrobe, Blairsville, Interocean, Bolivar, Johnstown and Cresson, and will make a night stop at Altoona.

On October 28, the Roosevelt train will start the day at York with stops at Columbia, Lancaster, Parkersburg, Coatesville, Downingtown, Phoenix, Blairville, Interocean, Bolivar, Johnstown and Cresson, and will make a night stop at Altoona.

On October 29, the Colonel will start from either Du Bois or Clearfield, and with train stops at important towns will travel to Harrisburg by way of Tyrone. At Harrisburg he will hold a noon-day meeting and return to New York, where he will make a speech that evening.

PIKE CO. NEIGHBOR TELLS OF PINCHOT

Samuel W. Smith, a business man of Port Allegheny, who was born and reared in Millford, Pike county, and who knew Gifford Pinchot when a boy, has this to say about him:

"Our grandfathers and our parents rest from their labors on the same hillside, overlooking the Delaware river at the village of Millford, Pike county."

"I have known Gifford Pinchot as a boy, a man and a neighbor, and I know how he is regarded by the men, women and children of Millford. To them he is a kind neighbor—one of the folks. He is the most common of men. He is a citizen of that county, beloved by every one in it. He is the man of the hour in Pennsylvania. McKean is for Pinchot."

Republicans Against Penrose H. C. Jackson of Wayne county has been appointed a member of the campaign committee of the Anti-Penrose Republican League recently organized in Philadelphia. Mr. Jackson was elected to the legislature from Wayne in 1910 on the Republican ticket, and in 1912 on the Washington ticket. He is a retired farmer, and has been a director of the Wayne Agricultural Society twenty-two years. His home is at Tyler Hill, where he was born.—Scranton Daily News.

Canners Ready for Penrose. The canning season, which is now nearing its full height, will not close until election day, when the voters of Pennsylvania will can Penrose and the Pennsylvania machine.—Columbia News.

NOT EVEN AN ACQUAINTANCE

American Girl Surely Had Reason for Complaint Against Impertinence of Accester.

You remember how in the plying days of peace, when something simply had to be done to make talk, there was a hue and cry about American girls in Berlin and the dreadful things they did under pretense of studying music. Here is a story of one of them which The New York Evening Post Saturday Magazine's special war correspondent has sent over with the explanation that it was all he could get past the censor at this time.

A Berlin paper reports that a quiet street in Charlottenburg was suddenly alarmed by shrill cries of "Police! Police!" A great crowd promptly collected about the person responsible for the disturbance, an excited young woman, obviously American.

"Arrest this man, officer," she said as soon as a policeman appeared. "I am Miss Ellington from Cincinnati, U. S. A., and he had the impertinence to speak to me."

The policeman, guided by the young woman's accusing finger, picked out the culprit.

"The man is a stranger to you?" he asked.

"An entire stranger," replied Miss Ellington. "I have only been taking violin lessons from him for six months."

HAIR FELL OUT IN COMBFULS

R. F. D. No. 3, Johnstown, N. Y.—"I had terrible trouble with my head itching at times and then my hair commenced falling out. There appeared around the roots of the hair small pimples that were filled with water and they would itch and when they opened would form small sores. My scalp became very dry and hair was very stiff and dry. I could comb it out in combfuls. There was no feeling in my scalp. There was dandruff on it and it clung very close to the roots of my hair."

"I was bothered about three months then I secured a sample of Cuticura Soap and Ointment. I would apply the Cuticura Ointment and rub it in freely, leave it all night and in the morning I would bathe my hair freely with a strong soap-suds made from Cuticura Soap. I repeated this treatment for six weeks and was cured." (Signed) Mrs. Deyoe Sweet, March 13, 1914.

His Escape.

The young man had threatened suicide if she rejected him. And although she did, he didn't.

"Why didn't he?" was asked. "Said he'd given his heart to her."

"What's that got to do with it?" "Oh, he didn't have the heart to kill himself."

In Love.

"I'm certain he loves me," said the suburban girl.

"How's that?" "It is a four mile walk to town. He misses the last car about twice a week, but he still keeps coming."

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I. PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and I overworked caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

A Minister's Wife Writes: CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. JENNIE AKERMAN, c/o Rev. K. AKERMAN, Cloquet, Minnesota.

From Mrs. J. D. Murdoch, Quincy, Mass. SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. MURDOCH, 25 Gordon St., South Quincy, Mass.

At Sunday School. Jimmie returned from his first Sunday school breathless with excitement. "Why, Jimmie," asked his puzzled mother, "where did you get two pennies?" "Oh," replied Jimmie, proudly, "they passed around a whole basket of pennies, and I took one."

Fragrance of Flowers. Flowers are more fragrant when the sun is not shining on them, according to a French scientist, because the oils that produce the perfume are forced out by the water pressure in the plant cells and this is diminished by sunlight.

Should Have Recognized That. A young couple were sitting in the concert cafe and listening attentively to the orchestra. "What's that they're playing?" he asked. "Aren't you ashamed?" she answered, "not to recognize that! Why, that's Handels Tango!"

Chemicals of Little Effect. Experiments with various chemical extinguishers for fighting forest fires have not been very successful. The unlimited supply of oxygen in the open forest, officers say, tends to neutralize the effect of the chemicals.

Matrimonial. An eastern judge sentenced a man to be married because he drank too much. No, it didn't happen in Massachusetts, where the women so greatly outnumber the men.—Cleveland Plain Dealer.

Might Make Things Worse. "Why can't I have this case, doctor?" pleaded the nurse. "It is palpitation of the heart. You are too pretty for cases where the heart is affected."—Pittsburgh Post.
