SALISBURY.

About forty ladies were present at the home of Mr. and Mrs. Dennis Wagner, on Tuesday evening, when a shower was given by friends and relatives to Salisbury's new bride, Mrs. Harry McClure, a grand daughter of Mr. and Mrs. Wagner. A luncheon consisting of sandwiches, coffee, chicken, salad, ice cream and cake was served. The invitations contained the following appropriate rhymes:-

"On December fifteenth at the hour of eight, Don't come too early, neither too late;

At grand-pa Wagner's you're to meet, A shower to hold and the couple to greet.

For by this time you surely know, They were quietly married at Buffalo. Remember the date and be there sure, For the newly weds are Mr. and Mrs. H. K. McClure."

Miss Irene Reiber, daughter of Mr. and Mrs. Herman Reiber, has been stricken with diphtheria; antitoxin was administered and the patient is improving.

Miss Dorothy Glotfelty taught the 2nd primary school as substitute for Miss Myrtle James, who was quarantined in the James home on account of scarlet fever. Miss Viola James, who was for a time in a precarious condition is improving.

THE PATRIOTIC DOLLAR

CONGRESS DECREES DOLLARS IN DULGING IN LUXURIES MUST FIRST SALUTE THE FLAG.

War Revenue Tax of \$105,000,000 Levied—Beer Bears Brunt of Burden.

Congress has levied a war tax of \$105,000,000 to offset a similar amount of loss on import revenue due to the European disturbances and of this amount beer is the heaviest contributor, having been assessed approximately \$50,000,000; a stamp tax on negotiable instruments, it is estimated, will yield \$31,000,000; a tax on the capital stock of banks of \$4,300,000 and a tax on tobacco, perfumes, theater tickets, etc., makes the remainder.

Congress has decreed that the brewer, the banker and the investor must shoulder the musket and march to the front; that milady who would add to her beauty must first tip Uncle Sam, and a dollar that seeks pleasure must first salute the flag; that Pleasure and Profit—the twin heroes of many wars—shall fight the nation's battles and by an ingeniously arranged schedule of taxation congress has shifted the war budget from the shoulders of Necessity to those of Choice and Gain, touching in its various ramifications almost every line of business.

All hail the dollar that bleeds for its country; that bares its breast to the fortunes of war and risks its life to preserve the stability and integrity of the nation's credit.

The market place has always been a favorite stand for war revenue collectors. The trader is a great financial patriot. His dollar is the first to rally around the star-spangled banner and the last to hear the coo of the dove of peace. He is called upon to buy cannon; to feed and clothe the boys in blue and each month cheer their hearts with the coin of the realm. Men can neither be free nor brave without food and ammunition, and money is as important a factor in war as blood. Many monuments have been erected in honor of heroes slain in battles, poems have been written eulogizing their noble deeds and the nation honors its soldiers while they live and places a monument upon their graves when they die, but very little has been said of the dollar that bears the burdens of war.

Honor to the Dollar that Bears the Burdens of War.

All honor to the dollar that answers the call to arms and, when the battle is over, bandages the wounds of stricken soldiers, lays a wreath upon the graves of fallen heroes and cares for the widows and orphans.

All honor to the industries that bend their backs under the burdens of war; lift the weight from the shoulders of the poor and build a bulwark around the nation's credit.

All honor to those who contribute to the necessities and administer to the comforts of the boys who are marching; cool the fever of afflicted soldiers and kneel with the cross beside dying heroes.

A dollar may fight its competitor in business, industries may struggle for supremacy in trade and occupations may vie each other, with envy or suspicion, but when the bugle calls they bury strife and rally around the flag, companions and friends, mess mates and chums, all fighting for one flag, one cause and one country.

The luxuries in life have always been the great burden-bearers in government. We will mention a few of them giving the annual contributions to the nation's treasury: Liquor, \$250,000,000; tobacco, \$103,000,000; sugar, \$54,000,000; silks, \$15,500,000; diamonds, \$3,837,000; millinery, \$2,479,000; furs, \$2,024,000 and automobiles, \$870,000. We collect \$665,000,000 of internal and custom revenue annually and \$450,000,000 of this amount classifies as luxuries, and to this amount we should add the \$100,000,000 war tax now levied.

The war tax is immediately effective. Tramp! Tramp! Tramp! the industries are marching \$100,000,000 strong and beneath the starry flag they will fill the treasury again while they shout, "Hurrah for Uncle Sam!"

In every field of human activity the demand for more competent men and women is growing every day. Especially so in agriculture.

HOW TO LOCATE A NOISE. It sometimes happens that an abnormal noise is heard from the mechanism of a motorcar or other machine and that it is difficult to find just what part of it is responsible. In such cases any skilled mechanic proceed as follows, and there is no better way: They take a flat piece of metal, a flat file, for example, and place one end of it between their teeth; the other end they apply to the parts of the machine that may be suspected, of course while it is in motion. By stopping the cause of the abnormal sound can be distinguished from other noises, and with a little experience the exact point from which it comes can be discovered.—St. Louis Post-Dispatch.
