Proper Carving.
In carving, ham and beef should be a little thicker. When carving a leg of mutton, take hold of the bone end with the left hand, then cut thin slices down to the bone and loosen each slice by putting the knife flat on the bare bone and cutting through. The slicing should gradually change direction slightly, so to always cut across the grain.

Africa's Potential Wealth.
For its future industrial development Africa is remarkably fortunate. Already coal deposits to the value of more than three hundred million dollars have been discovered along the Cape to Cairo route, while more than five thousand waterfalls offer wonderful possibilities for the establishment of waterpower centers.

To Mend Celluloid.
Any article made of celluloid may be mended with collodion. Scratch the broken edges to be mended with a sharp knife until a smooth surface is secured. Apply the collodion and press tightly together for several minutes. Let stand for at least twenty-four hours. Liquid court plaster will answer as well, since the main ingredient is collodion.

How Is It With You?
When a man's growing boys are going a bit wild the old man holds the mother responsible for them and in conversation with her about them he alludes to them as "Those whelps of yours." But when they're nice, long-eared, goody-goody boys he refers to them as "My sons."—New York World.

Modern Statesman.
"You'll have some explaining to do when you get home, won't you?" "No," replied the member of congress. "I'm not going to explain. I'm going to let my constituents argue matters out among themselves and then take the side that seems to have the most advocates."—Washington Star.

THE SAVAGE CLAY PRODUCTS COMPANY.

On March 1st the clay products manufacturing interests of this vicinity were merged into a new million dollar corporation, of which the Savage Fire Brick Company, is the nucleus. The offices will be continued in the Hartley-Baldwin block here and additional adjoining rooms have been rented. The plant at Keystone Junction will be rebuilt as soon as the weather permits. S. J. McNamee, who has been the efficient general manager, will continue in the same position, although his wife and he are moving their household goods to Johnstown on account of the serious illness of Mrs. McClune's mother.

The Savage Clay Products Company will be the name of the new corporation that is being formed with a capitalization of one million dollars and which will take over the properties of the Savage Fire Brick Company at Hyndman, Williams and Keystone, on the B. & O. in Somerset and Bedford counties as well as the holdings of the Freeman Fire Brick Co. of New Cumberland, W. Va.

"MUTT AND JEFF" IN A NEW PLAY.

Bud Fisher's now nationally famed cartoon characters, "Mutt & Jeff" are to reappear at the Donges Theatre on Friday March 12 in a brand new dress called "Mutt & Jeff in Mexico." Gus Hill has given the new book a sumptuous production from every point of view. He has had a dazzling new set of spectacular scenery painted with some startling mechanical effects and genuine dramatic thrills. It is funny beyond compare. It is the only big comedy hit of the how world, so say the press of the country. Get ready to be there.
