WANTS AMERICAN FARMERS TO RAISE SNAKES WITH CHICKS.

Every farmer and every poultry raiser should keep a few snakes as a protection to his crops and poultry, says, Allen S. Williams, secretary of the International Herpetological society in a statement just issued. Williams is a traveler and a lecturer and snakes are his hobby. He has collected reptiles in every part of the Western hemisphere.

"The idea is simple," Williams says. "Rats, weasels and other rodents destroy crops and are the natural enemies of domestic fowls. Snakes are the natural enemies of rodents. Keep a few snakes to kill off the young rodents and in time your crops and chickens will be safe. To the cereal crop alone in the United States rodents cause an annual loss of \$100,000,000. If snakes had even a half a chance the loss to farmers and poultry raisers would be reduced to practically nothing. There are a dozen varieties which could accomplish the work and are non-poisonous."

HINTS FOR STATE-WIDE GOOD ROADS DAY.

Every big city has a clean up day. Make the State-wide Good Roads Day" Wednesday, May 26th, a Clean-up day for the commonwealth.

Wednesday, May 26th is a poor day to select for your wedding. There is a more important duty due to the community on that date. Don't forget it.

A day's hard work on the highways means more than a year's benefit to the state.

Let the big cities send their jitney busses out into the suburbs on Wednesday, May 26 "State Wide Good Roads Day." They may not earn many jitneys but they will do a lot of good in transporting the volunteer workers to and from their places of work on that date.

Don't forget it. Think about it. Talk about it. Dream about it, and when "State-wide Good Roads Day" dawns on May 26th, get out and WORK.

SPECIAL CHURCH SERVICES.

Brethren Church special services beginning at 7:30, are being held each evening this week in the Meyersdale church. At each of these services one or more of the parables of Jesus are being discussed. The sermon is over before the 8:20 car leaves town. Next Sunday morning, May 23rd, both the Women's Federation and the Men's Federation will meet in connection with the Sunday School session, and the largest attendance in the history of the Sunday School is expected. At 10:30 a. m. the pre-communion sermon on the subject, "The Secret of a Successful Christian Life," will be delivered. On Sunday evening at 7:00 o'clock the Lord's Supper will be celebrated. All are cordially invited to these services.

H. L. GOUGHNOUR, Pastor.

WITNESS AFTER WITNESS IN MEYERSDALE.

Such Evidence our Readers Cannot Dispute.

As we take up the Commercial we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Bowman, does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

S. W. Bowman, engineer in mines Meyersdale, says: "I was attacked with terrible pains in my back and couldn't sleep well. The passages of the kidney secretions were irregular and painful. I couldn't stoop over or lift anything. One box of Doan's Kidney Pills gave me relief and a couple of boxes made me feel all right. I always recommend Doan's Kidney Pills to my friends and keep them on hand."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bowman had. Foster-McBum Co., Props., Buffalo, N. Y.

MUST SEND IN SKINS.
Game Commissioner Kalbus has sent out letters explaining the provisions of the new bounty law recently signed by Governor Brumbaugh. The law provides that where skins of noxious animals are shown to a civil magistrate they must be sent to the game commission. If they are presented before a game protector the affidavit will be sufficient evidence on which to collect the bounty fee.

LAST TRIBUTE TO NURNBERG.

United States Cruiser Played German Air as Ship Sailed Out to Destruction. Berlin.—The strains of the German national hymn played by the band of an American cruiser anchored in the port of Honolulu were the last friendly greetings for the crew of the ill fated German cruiser Nurnberg. The Nurnberg was destroyed in the battle off the Falkland Islands on Dec. 8.

Relatives of a sailor on the Nurnberg have just received his last letter, in which he tells how "three thundering cheers were the response from us as the band aboard an American cruiser which lay anchored in the port struck up the tune of our national hymn. It was a noble, inspiring thing for those American sailors to do. They knew that outside the harbor the enemy in superior force was waiting to send us to the whales for food."

The letter is dated Oct. 11, 1914, and was written as the Nurnberg steamed out to join Admiral von Spee's squadron, which was later sent to the bottom by the British squadron. The letter, together with other mail, was given to the captain of a neutral sailing vessel which the Nurnberg met just outside the port.

L. R. COLLINS, DRUGGIST, PLEASES CUSTOMERS.

L. R. Collins reports customers greatly pleased with the quick action of simple buckthorn bark, glycerine, etc. as mixed in Adlerika. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adlerika never gripes and the instant action is surprising.
