Wednesday, June 2nd., has been set apart as the day for a general cleaning up of the streets, alleys and lots in Salisbury borough. Some one remarked that such road builders would be pretty dear hands had they worked and they had been paid for what they actually did. Some very amusing things occurred when some of used-to-work gentry got hold of the pick and shovel and tried it. They were soon sick.

Is not the whole system of industry as organized to blame for the awful catastrophe? Does the system not violate every

Day and all will work on the high profits for individual and corporations by slaying men? Are you willing to risk your life in killing a few innocent Germans to avenge the wrong done? Or will you try to establish a system that will not destroy the incentive to do such a deed?

H. GRADE CITY.
Our Sunday School was well attended. We have an average attendance of 65. Rev. Wm. Howe preached an excellent sermon at the conclusion of the session of the school and one person was united with the Church of the Brethren in Meyersdale.

Appreciative of the worth of Mr. and Mrs. J. W. Forrest, and cognizant of the fact that they were to move from their immediate midst forty of their friends a few evenings ago assembled at their home after nightfall and gave them a genuine surprise. The surprise took well-filled baskets with edibles of the more tempting kind to make sure that none should go home hungry. All went merrily there for a couple or better several hours. Since then Mr. Forrest has moved to his recently purchased farm which he obtained from Mr. Elias Fike for \$2500. The latter has in turn bought the Forrest home in this place. The farm now in possession of Mr. Forrest consists of a fine large brick house, big barn and 52 acres of land. The place is on the road leading to Pocahontas road distant from Grade City about two and a half miles. Mr. Forrest has been the efficient superintendent of the Union School at this place and it was quite a satisfaction to all concerned to learn that he was going to continue in that capacity even though he had moved out of the immediate community.
