

NEWS IN GENERAL.

Over a million persons have signed petitions, sent telegrams or letters to the governor of Georgia to stay the execution of Leo. M. Frank, of Atlanta, Ga., condemned to death for the murder of 14-year-old Mary Phagan. There never has been such an appeal made in the history of the country and there is much probability that Frank is innocent.

Notwithstanding Holland's paramount desire to keep out of the war there is evidence that the situation is becoming intolerable to the Dutch government. The attitude of Belgium's neighbor is being watched with keenest interest in London. The sinking of the Lusitania had an immense effect. The whole nation is becoming intensely angered. But with the spectacle of devastation in Belgium, just across the border, Hollanders are loath to decide to make the great sacrifice until it becomes vital.

President Wilson has received a most unsatisfactory reply from Germany in answer to the American note sent after the sinking of the Lusitania. The note expresses Germany's regret for injuries sustained by Americans as a result of submarine and aeroplane attacks and offers compensation in cases in which Germany is found to be in the wrong. As indicated previously in these dispatches, the note defers a direct answer to the questions raised by President Wilson, pending a further exchange of views. Germany desires to establish whether the Lusitania was a defenceless merchant ship or was being used for the transportation of warm uniforms and soldiers, on which unsuspecting passengers were permitted to take passage to safeguard the war materials.

A million and half dollars will be spent in deepening the Mingo coal fields at Huntington, W. Va., during the next few months. Operations are planned on gigantic proportions. Operators from all over the country are making investments there. Twenty new mines will be developed within a radius of 12 miles from Williamson, and the Baltimore and Ohio Railroad has practically completed arrangements for a new feeder into the territory. The Orinoco Mining Co. will erect a \$25,000 tipples, the Red Jacket Coal and Coke company has begun work on a \$300,000 operation and another company will begin at once the openings of mines there at a cost approximately of \$300,000. The United States Steel Corporation is rushing to completion work begun several months ago.

SOMERSET'S NEW BALTIMORE & OHIO STATION.

Carrying out its intention to provide adequate passenger terminal facilities at Somerset, the Baltimore & Ohio railroad has completed plans for erecting a passenger station which while affording ample accommodations for travelers, will add to the attractiveness of that borough. The new station, upon which work will be started at once by the railroad's forces, will be thoroughly modern in design and of brick construction, with tapestry effect and a tile roof. The building will be 75 feet long by 30 feet wide.

The interior plan of the station calls for a general waiting room, from which room passengers can purchase tickets, check baggage and reach the women's retiring room and the men's smoking room. Ample toilet facilities for both men and women will be provided. Spacious seats will be in the waiting room and bubbling fountain will enhance the general attractiveness. The station will be heated by low pressure steam.

The station platform will be of vitrified brick with concrete curb, extending from Patriot street to South street. Between these streets and the station, an attractive parking effect will be created by grass plots and flower beds, while in the rear of the station will be a driveway.

The new station was designed by M. A. Long, architect of the Baltimore & Ohio, who has prepared the plans of numerous attractive stations erected in recent years by the company. The present station which will be replaced by the new station will be moved across the tracks and fitted up as a freight station having separate team and house tracks.

STORK SAVES DAD FROM JAIL

Unemployed, Was on Trial Charged With Stealing When It Came.

Chicago.—It was a mite of a girl baby that saved Power Rokozeure from a possible jail sentence for stealing six potatoes. The man had walked Chicago's streets for work for eighteen months. His wife did the same thing until recently.

Rokozeure was in court charged with stealing the potatoes from the railroad yards.

"Are you married?" asked Judge Caverly.

"Yes. We have one little girl," replied Rokozeure.

"How old?" asked the court solicitously.

"About five hours," said Rokozeure.

"Case dismissed. Congratulations," said the judge, who then ordered his own grocer to "take some things out to the new little girl."

CAPTAIN HOBSON A FINE TYPE OF AMERICAN.

From an editorial in The New York Mail:

"Captain Hobson, aside from being a hero, is a man, a fine type of the American of today.

"He is a young Southerner who will grow in Congress until some day, unless I miss my guess, you will see him still greater. He is a most convincing speaker, an orator, a student of conditions, a man of ideas. He is tall, well built, with sharp, clean-cut features and a calm, steady eye that tells the story of the Merrimac the minute you see him.

"Those who look upon Captain Hobson as a mere hero to be worshipped will be made wiser. They will find in him one who has forgotten that he sank the Merrimac.

"He is a man who couldn't be content to live an idler's life in the army or navy—a man that has a purpose in life higher than gold braid and epaulets.

"Captain Hobson appears on the Meyersdale Chautauqua program the evening of the second day following a concert given by 'Ye Olde New England Choir.'"

FIVE BROTHERS is the best tobacco in the world for big, strong, manly men. It is made purposely to please this kind of man. It is a juicy, full-bodied tobacco that thoroughly satisfies a powerful man's tobacco hunger.

FIVE BROTHERS is pure Southern Kentucky tobacco, naturally aged for three to five years so as to bring out all its mellow, healthful richness and honest sweetness.

FIVE BROTHERS
Pipe Smoking Tobacco

Take the case of the blacksmith. When he wants tobacco satisfaction, he cannot get it out of "flat," insipid mixtures. He has got to have a man's size, real old natural *he-tobacco*.

We have the greatest tobacco organization in the world and are in business to stay in business—by giving the best values. FIVE BROTHERS is only one of four many brands, but like all it is the "highest quality—biggest quantity" of its kind sold.

We tell the big brawny men of this country that FIVE BROTHERS is the best tobacco for them on the market and they know they can bank on that statement.

FIVE BROTHERS is sold everywhere—get a package today.
