

SALISBURY.

Good Roads Day was successful beyond most anyone's expectations. About 150 men and boys turned out in Salisbury last Wednesday to work on the streets and a nice lot of work was accomplished. Besides the 19 teams that were on duty the new steam roller which the 20th Century Mfg. Co. of Boynton furnished for the work was kept moving until midnight and the streets of Salisbury certainly bear evidence of the effort that was put forth on the first Good Roads Day.

A large crowd of people gathered to attend the decoration of graves at this place on Monday, May 31. Members of the G. A. R. of Meyersdale came on the special car at about 3:30 p. m. and at the car line joined the parade which marched from there to the I. O. O. F. cemetery. The most of the old veterans of this community were also in the parade. The Boynton band and the drum corps from Meyersdale furnished the music. Rev. W. W. Wagner, of this place made a very appropriate address following the Memorial services by the G. A. R. Post.

A large congregation was in attendance at St. John's Reformed church on Sunday evening at the Union Memorial services. The music was furnished by the Salisbury orchestra and a choir of men from the various churches of town. The sermon was a bly and impressively delivered by Rev. Ira S. Monn, pastor of the Reformed church; he was assisted in the services by Rev. W. W. Wagner and Rev. E. S. Johnston.

In accordance with the Governor's suggestion that church bells be tolled at noon on Sunday, the bell in the Reformed Church where the Memorial services were held was tolled for five minutes at noon.

On Sunday while most people were in Church or Sunday School several boys of known pilfering proclivities entered the store of Howard Meager & Co. and helped themselves to several bottles of pop, quite a lot of chewing gum and some gold rings. The culprits were apprehended on Monday and prosecutions will likely follow. What manner of settlement will be effected is only a matter of conjecture. One of the lads who was likely the leader, has been in several scrapes of this kind and many people here think a term in the reformatory would be a fitting as well as a befitting penalty for him. The young marauders entered the building through a coal chute into the cellar and from there had easy access to the store room above through a trap door in the floor. Much sympathy is felt for the parents of the boys but since the way of the thief or transgressor is hard if found out, they must make the best of it.

Samuel Diehl, who boards with his brother, W. H. Diehl, in West Salisbury, had the misfortune one day last week while at work in Meager's Mine, No. 2, of nearly severing a finger on his left hand while engaged in making a wedge to timber the place. A doctor dressed the wounded member and it is hoped the bone will unite again.

Mr. and Mrs. John Mort and children, of Elk Lick township, were guests of Mrs. Mort's parents, Mr. and Mrs. Jere Miller, on Sunday last. About thirty friends of Mr. and Mrs. Victor Schramm, held a miscellaneous shower for Mrs. Schramm at the home of the groom's parents, Mr. and Mrs. John Schramm, Thursday evening, May 27. She was the recipient of many useful presents. Refreshments were served during the evening.

Any Farmer Can Build With Concrete

Concrete construction is simple and easy to do successfully. Any farmer, with his hired man can build a poultry house, a flight of cellar stairs, or a house foundation, or any other farm structure. In the course of a year or two you can add greatly to the value of your property by putting in concrete improvements.

Lehigh Portland Cement

makes the best concrete. When buying cement do not fail to specify Lehigh. You expect your concrete structure to last, but you must remember that the strength of your building depends on the quality of cement you use. A concrete structure built with LEHIGH Cement will stay as long as the land stays.
