## HENDERSON CORSETS

are nationally acknowledged to be unequalled for their excellent style. Each model is carefully studied to produce the most exquisite lines of artistic grace.

These corsets are not only exceedingly modish but are practical and wearable, because they are fitted over living models and not over rigid unyielding forms.

Well-dressed women naturally acquire wearing Henderson Corsets as actually shown by the steady and continuous growth of our sales of these corsets. Every type of figure has designed for it a Henderson Corset, be that figure slender, average, short, tall or stout. We cordially invite you to inspect the season's latest offering at 50c and upwards-even though you may not care to purchase now, you are welcome.

## Takes The Slant Out of Hills

Overland model 83 is to be preferred above any other automobile at or near its price, because of certain definite advantages, it has a 35 horse power motor which is remarkable for a high car. Its advantage here is apparent at the first touch of the throttle-a smooth, resistless flow of power that responds instantly to control.

There is room in the wide, deep seats for five people to sit comfortably, with plenty of ellow and leg-room. The driver is not cramped for want of space.

Room for unusual up-and-down play is provided by slinging the rear spring under the axel. The swivel seat adds to the

Magneto, light and horn switches are on the steering column where the hand naturally rests.

High tension magneto ignition. Electric starting and lighting. Left-hand drive, center control.

Tires 33 by 4 inch Full streamline body. Deep divan upholstery.
