

**SALISBURY.**

William DeLos, infant son of Mr. and Mrs. Frank Thomas who reside on a farm at Coal Run died at the home of Mr. and Mrs. M. D. Thomas in Salisbury on Friday morning, aged 7 weeks. Funeral services were held at the Thomas home on Sunday at 1 p. m. Rev. I. S. Monn officiating. Interment was made in the Union cemetery at Meyersdale.

We notice that some of our townspeople do not comply with the law pertaining to the cutting down of obnoxious weeds. Every summer there are untended lots that are left to grow up with all kinds of weeds and the seeds allowed to scatter on the neighbors' grounds. The law should be enforced in towns as well as in the country for weeds left to go to seed are just as detrimental to the garden as they are to the field on the farm. Hustle up and clip your crop of weeds before you are reported and compelled to do by the authorities.

Mrs. John J. Engle and her house guests, Mrs. Maggie Coleman and Mrs. Wm. Dom of Pittsburg, Mrs. T. F. Livengood of Elizabeth, N. J., Mrs. M. J. Beachy of Kansas City, Mo., and Mrs. A. M. MEYERSDALE, PA.

Mrs. Fred Livengood. Father Brady of Meyersdale was a Grantsville visitor on Monday.

**A PLEA FOR THE BATS.** Dr. H. A. Surface, the State zoologist, makes a plea for the bats providing the bats live in the country. The bat according to the zoologist is a destroyer of caterpillars and moths and likes the pests that damage fruit trees for his midnight meal. Moths, asserts Dr. Surface, constitute the greater part of the food for the bats and that is the reason they are to be seen fluttering about arc lights and standards in the cities and why they will dart in front of an automobile headlight in the country. Dr. Surface does not think bats are very useful as exterminators of mosquitoes and winged ants but he believes that they are of value to the farmers and should not be driven off.
