

**MEYERSDALE PEOPLE
IN AKRON, OHIO.**

We noticed in The Commercial that Meyersdale people are talking rubber factory. We hope that the live business men, especially The Commercial Club will get in earnest about this as we think it would be surely the making of the old burg as the rubber works have made this city of Akron and it would just as easily make Meyersdale. Rubber plants require plenty of water and we know Meyersdale can supply plenty of this as they have the old Casselman river, enough for several factories. Push on the wheel! Don't just talk about it, but get out, you, old rusty rocks, and have an industry to be a benefit to you and your town. This would be a sure and safe investment. Build her up and we all would come home again if you find employment for us. There is no reason why Meyersdale should not be a good factory town. All that it needs is live men to go ahead and she will lead all of the other towns of Somerset county.

Chas. Hoehler, of Akron, formerly of Garrett has returned home after a visit to Pennsylvania and Garrett County, Md, where he had been to visit his aged father. Charles had expected to take his wife on this trip but when the time came he had none to take as they had a boarder who left taking the wife and board bill with him. Charles is not sad over the matter but is applying for a divorce and looking forward to getting married again. Divorces are easy in Akron. Last year there were three hundred divorces granted in this city.

Getting married is a fine thing. I married well into a good family. They all liked me for they came to see me. Mother-in-law is now on a visit to the Thousand Islands and I hope that she will visit everyone of them.

J. M. Hay & Sons recently changed their coal yard from the Blackbird to the siding and are now prepared to handle coal in large quantities. J. M. is busy looking up trade and the boys are active shoveling the black diamonds.

Mrs. Wilson Kendall of Salisbury is visiting her daughter, Mrs. Bessie Tedrow and is enjoying the visit very much.

Cleveland Tedrow has purchased a fine eight room house on East avenue and the building is equipped with all modern improvements. The price is \$3,000. We wish Cleveland success as he is a hard steady worker.

TIMELY TALKS.

A Life History of a Common Curious Insect.

A justice of the peace in Central Pennsylvania sent to State Zoologist H. A. Surface, Harrisburg, Pa., an insect, saying, "Please tell me about the bug. What are the workings of the clock springs and the fans on the head? Nature is wonderful and we are thankful that you are able and willing to tell us about it." Upon examination this specimen is found to be a Sphinx moth or Hawk moth.

"I find the specimen which you sent to be a five spotted Hawk moth or Sphinx moth. This in its larval state is the chief rival of man in being an enemy of the tobacco. It is then known as the tobacco worm. The larvae feeds also on potato, tomato, eggplant, etc. The springlike appendage is the proboscis by which it sips the nectar from long tubular flowers in the evening. It is from its nature of hovering over the flowers like a hawk in looking for its prey that it takes the name Hawk worm.

"You have doubtless seen long greenish worms or larvae, sometimes from two to three inches in length, with stripes running more or less diagonally on the sides, and with a single curved caudal horn. These are the larvae of this moth. They are now killed by spraying with arsenate of lead, using one pound of dry arsenate of lead or two pounds of arsenate paste in each gallon of water. They are also killed by putting a little sweetened water in tubular flowers and even into artificial lilies made for the purpose and adding to this a touch of strichnine.

FAMILY OF BIRDS.

A woman in West Virginia has been married three times. Her maiden name was Partridge, her first husband was named Robin, her second, Sparrow, and the third one is named Quale. There are now two young Robins, one Sparrow and three Quales in the family. One grandfather was a Swan, another a Jay, but he's dead, and is now a bird of Paradise. They lived on Hawk avenue, Eagleville, Canary Islands, and the fellow who wrote this article is a Lyre Bird and a friend of the family.

We are always ready to do job work quick, quimk.

**BIG FIRE CO. PARADE
AT JOHNSTOWN.**

All the fire companies of this vicinity have been invited to Johnstown next Wednesday morning to see the drill and parade of the Johnstown department, including nine companies with their motor and horse drawn apparatus. The police department of the city will also give an exhibition that morning. These are opening features of the Second Annual Trade Expo which lasts three days.

Thursday will be the real festival day. About 150 floats and gaily decorated automobiles will be included in the industrial pageant that morning. Fifteen bands, including some from this section, will play march in that parade. In the afternoon those bands will take part in a contest for cash prizes. The Jubilee of fun will be the night fantastic parade. Approximately 250 musical clubs, fraternal orders, lodges and marching clubs have been invited to participate and carry off some of the \$150 worth of cash prizes. Individual prizes can be won by anybody.

The Expo will close Friday with special features in the stores and a big exhibition of "Made in U. S. A." fireworks.

Special attractions will be offered by the individual stores during the times no public program is taking place. All sorts of novelties will be introduced, souvenirs distributed, free samples and demonstrations given and everything will be done to make all visitors feel at home.

ST. PAUL.

Under the present system of profit getting there will always be this excuse and it will be a good excuse—"If I don't do it some one else will." If I don't sell whiskey or something else for which there is a demand whether it injures my neighbor or not, some one else will sell it and get the profit.

If one manufacturer of instruments of war can pile up enormous profits in the business because there is a great demand for these weapons of murder, why should not I do the same thing when there is no money to buy the needful things I could place on the market. Either this must I do or shut my works and deny my laborers work.

The laborer who makes the life destroying instruments which he knows will be used by other laborers in destroying still other laborers says "If I don't do it some other man will. There are enough men to do all the other jobs. If I want to live I must have my job. For these conditions everybody is responsible.

Your Own Home Town. Your preacher talks to you about the sin in the great cities and your heart is heavy with sorrow at the thought of wrong and suffering. You may feel called upon to spend your time and money preparing baskets and barrels of Christmas goodies to be sent to some of the miserable, with whom, thank goodness, you do not have to come in contact. But please don't forget that there's a devil in your own home town.—Kansas Industrialist.

We're Hammering Away At This Fact

FIVE BROTHERS is the best tobacco in the world for big, strong, manly men. It is made purposely to please this kind of man. It is a juicy, full-bodied tobacco that *thoroughly satisfies* a powerful man's tobacco hunger.

FIVE BROTHERS is pure Southern Kentucky tobacco, naturally aged for three to five years so as to bring out all its mellow, healthful richness and honest sweetness.

**FIVE BROTHERS
Pipe Smoking Tobacco**

Take the case of the blacksmith. When he wants tobacco satisfaction, he cannot get it out of "flat," insipid mixtures. He has got to have a *man's size*, real old natural *he-tobacco*.

We have the greatest tobacco organization in the world and are in business to stay in business—by giving the best values. **FIVE BROTHERS** is only one of our many brands, but like all it is the "highest quality—biggest quantity" of its kind sold.

We tell the big brawny men of this country that **FIVE BROTHERS** is the best tobacco for them on the market and they know they can bank on that statement.

FIVE BROTHERS is sold everywhere—get a package today.
