

**SALISBURY.**

Some time ago the town council passed an ordinance granting the Salisbury School Board the street rights to put down a sewer from the school building. This is very much needed and laborers are now at work digging the necessary ditches, the tile having already been distributed. The sewer will follow Ord street, to Grant street, thence along Grant street to the watering trough, down past the Reitz apple-butter factory and will empty on a parcel of ground recently purchased by the school board for this purpose.

**UNCEASING MISERY.**

Some Meyersdale Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin using Doan's Kidney Pills at the first sign of the disorder. Thousands have testified to their merit.

Proof in Meyersdale testimony: W. T. Jones, Meyersdale, says: "One of our family was feeling very bad some time ago. Backache caused intense suffering and morning the lameness across the loins was so severe that stooping was impossible. Doan's Kidney Pills were finally recommended and one box made a cure. The one who uses Doan's Kidney Pills always recommends them to friends." Price 50 cts. at all dealers. Don't ask simply for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Jones recommends. **THROUGHOUT THE COUNTY**

That business on the Somerset & Cambria branch of the Baltimore & Ohio railroad continues on the increase is evidenced by the restoration to duty of third-trick telegraph operators at Hooversville and Stoyestown last week. The offices had been closed at night for months and when it was necessary to work extra the other operators were called upon to take their turns.

At the closing session of the 23rd annual session of the Pittsburg conference of the United Evangelical church, held at Greenville, Pa. the following Somerset county appointments were made: Presiding Elder, J. W. Domer; Berlin, J. H. Wise, Jennertown, C. E. McCauley; Salisbury and Rockwood, O. G. Fye; Somerset G. A. Collins; Somerset Circuit, D. F. Brickley; Windber, L. R. Hetrick.

A teachers' institute will be held at the Cross Roads school house in Milford township on Friday evening October 1. The following program has been arranged: "Our New Program," Fleda Sechler; "Phonics," Nettie Barkman; Essay, Lyda Moore; "The Teacher's Standard," Galen Meyers and J. L. Moore; "School Attractions for the Lower Grades," Olive Kooztz and Leah Barkman. All parents and friends of education are invited to attend.

Reliable information from an official of the Western Maryland railroad is to the effect that early next spring the construction of a branch railroad from Glade Run on the Main Line of the Western Maryland, to the coal fields of Jenner Township will be started. A traffic agreement has been made with the Baltimore & Ohio Railroad for a connecting switch on the south side of the Casselman river, and the Western Maryland will send its own crews and locomotives to haul coal from many of the mines of the Consolidation Coal Company. It is probable that the Western Maryland will build its proposed yards and round house at Rockwood, where it owns a piece of ground and where a much larger acreage can be obtained at a reasonable figure.

**GEM OF PENNSYLVANIA HISTORY**

Pennsylvania came in for more praise at the San Francisco exposition the other day in connection with the celebration of the anniversary of the meeting of the First Continental Congress in Philadelphia, and one of the things emphasized was that while this state has been a leader in the fighting of all the wars of the nation, it has been a power for peace. To be sure, with the Quakers participating in its founding, peace has always been among the principals of the commonwealth, but on account of the brilliant military record of the state, its acts of peace are sometimes allowed to grow dim, remarks the Pittsburg Post. However, in this connection, there are two incidents that we have always thought should be chronicled side by side as illustrating Pennsylvania's readiness both to fight and to forgive.

Fort Sumter was fired upon at 4:30 o'clock in the morning of April 12, 1861. Before evening Pennsylvania had the answer of the North on record in the shape of an appropriation of \$500,000 to arm at once for the fight and a few days later had troops in Washington as the "first defenders of the capital."

But the war over, it was the Dunkards of Pennsylvania who were among the first to show the spirit of healing. They sent to the impoverished rebels of the Shenandoah valley the seed wheat necessary to sow their fields.

The history of Pennsylvania is full of such gems.

**Cake Hints.**

A good pinch of salt improves any cake.

Half water, instead of milk, makes a lighter cake.

If your cake rises in a mountain in the middle the reason is your dough was too thick.

If it goes down in the middle your dough was too rich, too much sugar.

The cause of large holes in cakes is too much baking powder.

To sprinkle flour in greased pans prevents cake from sticking.

A pan of water in the bottom of the oven keeps the bottom of a cake from burning.

A paper over the tin keeps the top from burning.

**Household Hints.**

The odor of fresh paint may be removed from a room by simply standing a pail of water in an inconspicuous place. The water should be renewed every three or four hours.

White marks on a polished table caused by hot dishes or water may be removed by rubbing camphorated oil well into the wood.

**A Time Saver.**

Before laundering undergarments run with ribbon, catch one end of the ribbon to a piece of narrow tape, then pull out the ribbon and let the tape remain run through the banding until after the garment is washed and ironed.

To clean steel knives, cut a potato in halves, dip it in brine and then rub on the metal. The tuber affords just enough moisture to give results.

Lemon juice and salt applied to copper will remove dirt like magic. Afterward the copper should be polished with a soft dry cloth.

There are times in life when all the laughter in the world will not give one the joy that a single tear from a friend can afford.

**When You Can't Smoke**

That's the time to chew FIVE BROTHERS. When you can smoke—that's the time to choose FIVE BROTHERS.

This pure Southern Kentucky tobacco is the great favorite with men of vigor. It is full-bodied and satisfying. It gets its pleasant richness from the natural aging we give it for three to five years. And that is what keeps its quality up, always the same, no matter what the year's crop may be.

**FIVE BROTHERS**  
Pipe Smoking Tobacco

has always given prime pleasure to many men. A FIVE BROTHERS man never switches to another brand; he knows he's losing time and pleasure on a needless experiment. Many brands come and go into the discard—while FIVE BROTHERS holds old friends and makes new ones every day.

There's a snappy taste to FIVE BROTHERS that policemen and other big fellows like. It's got that man-size quality about it; not one of those insipid, next-to-nothing tobaccos—but the big king-brand for the he-men on the force.

A week's trial will make you a permanent user of FIVE BROTHERS—go to it today.

FIVE BROTHERS is sold everywhere.
